Good afternoon, Collegiate 4-H!

I wanted to provide some updates from our meeting on Friday, as I gave several. ***This email is a bit long but please read it to its entirety!!!***

First is Mental Health Action Week. We are still in the planning stages of our table, but essentially, Mental Health Action week, or MHAW, is March 6-10. Collegiate 4-H will have a table on campus on one of these days and once we have those details finalized, I will send another email to ensure we have volunteers present.

Next is Ag Week. Purdue Ag Week is April 10-14 and Collegiate 4-H will have an activity on one of these days. Like MHAW, we are still in the planning process of our activity, however, our Vice President, Shelby Whitaker, is chairing the committee for this project. If you are interested in being on this committee to help plan and organize our AgWeek activity, please email Shelby at whitak28@purdue.edu.

Next, we have the AG Council Spring Leadership Retreat. Each semester, Ag Council hosts a leadership retreat to provide students with an opportunity to interact with professionals in the agricultural industry and network with other students. This semester, the leadership retreat will be held on February 28<sup>th</sup> from 6-8 in Dean's Auditorium in Pfendler. Attendees will get to hear from Purdue Alumni about college and early career experiences. A free meal will be provided! We are allowed to send 2 individuals from our organization to this event so if you are wanting to attend, please email me so I can get you signed up! This will be a first come first serve so the first two members to email me will get the spots. Please email me no later than February 10!

Spring Fest is coming up on April 15, which is a Saturday. Collegiate 4-H will have a table with an activity during this event. Like Ag Week and MHAW, we are in the early planning stages for this, however, our President, Madison Powell, will be chairing this committee. If you are interested in helping with planning and organizing this event, please email Maddie at powellmr@purdue.edu.

I think that is all for now. If you have any questions about any of the material above, please do not hesitate to reach out!

Have a marvelous Monday!

# Julia Hamblen
