

2009 Junior Master Gardener Meetings

Below are the dates and topics for this year of Junior Master Gardener meetings.

This month we will be discussing how to plan and plant a garden; in particular we will be focusing on the areas of the extension office grounds that we are responsible for planting and maintaining. I have some flower seeds for the kids to plant, but if you could have your child bring one packet of flower seeds with them this month to the meeting that would be great.

In May, we will be outside planting these seeds based on the plan that they come up with in April. So make sure your child is dressed for possibly getting dirty and has work gloves. If you have any hand tools that your child could bring and use for the May planting, please bring them.

If you have any questions let me know.

Carla Nelson

Meeting Dates, Topics

Time: 6:30 PM
