INDIANA 4-H GENEALOGY  
EXHIBIT GUIDELINES

# GENEALOGY

*tracing my family tree*

## EXHIBIT REQUIREMENTS

Many counties offer genealogy workshops. If you attend one, it will help you complete your notebook.

Family circumstances may make some information very difficult, if not impossible, to obtain. In these circumstances, 4-H members are encouraged to research as far as possible. NOTE: Please note in pencil with the word UNKNOWN or letters NIA (no information available) on your forms when you have searched but the information is not available.

The 4-H Genealogy project is a bit different from genealogy done by families. 4-H members need to complete requirements and follow guidelines in the *Genealogy, Tracing My Family Tree: Indiana 4-H Genealogy Resource Guide* (4-H-748, available from your local county Extension Office or The Education Store, [www.edustore.purdue.edu](http://www.edustore.purdue.edu)). Computer programs are acceptable if places for 4-H required information are included.

Please see county and state 4-H Exhibit Guidelines for specifics. Contact your county office or the Indiana 4-H website [www.four-h.purdue.edu](http://www.four-h.purdue.edu). Click on “Projects,” then “Genealogy” to find 4-H Genealogy forms and updates.

The following exhibit changes were implemented in 2014. Since the current year’s exhibit builds on the previous year’s data collection, only the current year’s data collection is required for exhibition.

So the notebook exhibit can be displayed to the public and to minimize the potential of identity theft, original legal documents are NOT to be included in the exhibit notebook. Instead, a photocopy of any legal document is to be included in the notebook and all identifiable information (like Social Security numbers) except for names is to be completely marked out. Original legal documents are to be kept in a secure location by the 4-H member and his/her family.

Pedigree charts and other forms are available on the Indiana 4-H website, [www.four-h.purdue.edu](http://www.four-h.purdue.edu), for your additional genealogy research. Each year following, continue to add ancestors to your pedigree charts.

In addition, choose one of the following options that has not been completed previously. This is meant to be a more intensive study of one area of your genealogy. Each option can only be completed once. Please identify, by alpha letter, the option that you are completing (i.e., Advanced Division, Year 1, Option A; Advanced Division, Year 2, Option C; etc.).

- A. A migration map of your eight-generation ancestors. You should have at least one map per family line with charts or explanations of the migrations.
- B. A timeline, historical report of a family line. Show how this family fits into history. Document your report as well as possible with dates, records, places, maps, pictures, etc. Be sure to include proper labels and sources.
- C. A census history of a family line. Census abstract forms can be found on several websites. Download forms to abstract the census. Your notebook should contain copies of the census and the completed abstract form for each census.
- D. A history of your family's religious background for any family line or lines. Include a brief history of the denomination. Include baptism, confirmation or profession of faith, and membership records. Also, include information or history of the congregations involved. Be sure to include proper labels and sources.
- E. A history of your family's military service for a family line. Include supporting documents when possible. These documents could include military records (muster rolls, discharge papers, etc.), pension records, and bounty land records, as well as maps and pictures. Be sure to include proper labels and sources.
- F. A research paper on a famous ancestor. Prove your relationship to this person with documentation. Try to include pictures and anecdotes to enhance your paper.
- G. Complete a family line or lines back as many generations as possible beyond eight generations. Include pictures, maps, and documents. Be sure to include proper labels and sources.
- H. A timeline, historical report of another family line not previously completed. Document as you did in Option B. You need to state at the beginning that this is a second family historical report on such an ancestor.
- I. A history of your family's military service for a family line not previously completed. Include supporting documents as in Option E. You need to state at the beginning that this is a second family military history report on such ancestor.
- J. Family DNA history. (This option may be very expensive.) Please include charts and explanations.
