

March 10, 2025

**Attention: Any 4-H Swine enrolled after **May 15th** will NOT be allowed to exhibit at the fair. If the May 15th Enrollment Deadline is not met, 4-H'ers may exhibit a Poster or a Demonstration as their project.**

TO: 4-H Swine Project Members

**PLEASE READ THIS LETTER IN ITS ENTIRETY.**

**2025 SWINE ENROLLMENT PROCEDURES:** Once again, we will be enrolling all swine through 4-H Online via your 4-H profile. The 4-H Online website is [v2.4honline.com](https://v2.4honline.com). Enclosed in this letter are the instructions on how to enroll your pigs online. After you select either swine barrows or swine gilts you will be asked to complete each animal's information.

**It is a requirement for all swine to be tagged with an 840-RFID tag.** These can be purchased at the Extension Office for \$3 or from another supplier. This information must be submitted on 4Honline by the **May 15th** deadline. All entry information must be completed except for the 5-digit county tag.

If you are planning to exhibit at the Indiana State Fair, you will also be required to submit a DNA hair sample. The RFID number corresponding to each pig must be included on your Swine State Fair Entry and 4-H Online Animal Enrollment with matching ear notch. If you need extra assistance, don't hesitate to reach out to the Extension Office.

- 
- 1. IDENTIFICATION: All swine are required to be tagged with an 840-RFID tag. This tag MUST be in your animal's ear before unloading at fair check-in.** If you need assistance in tagging your animal, please contact a swine committee member or the Extension Office.
  - 2. PREMISE ID:** The Swine Enrollment asks for your Premise ID. Obtaining a premise ID is an easy task to accomplish if you have not done this for your family or farm. You may access the form on line at <http://www.in.gov/boah>. Once you open this website, you will see a "here" link in the middle of the Premise ID section. On the next page, click the pdf registration or the online premise registration. If you do the PDF version, mail it to the Board of Animal Health to obtain your Premise number.
  - 3.** Siblings are allowed to co-enroll animals on their enrollment. The animals do not need to be entered under each member profile. As long as all information is entered under one of the siblings, this will allow multiple siblings the opportunity to show the animal. You will need to decide who is showing what when we make entries in fairentry, which is done later on.
  - 4.** Please be sure to read the Clay County 4-H Swine requirements in the Clay County 4-H Terms and Conditions Handbook for further rules and policies. The Clay County Terms and Conditions can be found on the Clay County 4-H Purdue Extension website at <https://tinyurl.com/mtbc53w3>.
  - 5.** 4-H'ers who plan to show their pigs at the Indiana State Fair can view the project and entry requirements via their website at <https://tinyurl.com/2dtneut5>. Please refer to their website for updates and deadlines as well. Currently, the project information has not been updated for 2025, but will be available soon. When the entry information becomes available, more information will be sent out.

The dates of the 2025 Indiana State Fair are August 1 - 17. You can find the livestock schedule here: <https://tinyurl.com/4dwn5hsw>

6. **INDIANA 4-H QUALITY LIVESTOCK CARE:** *All Livestock Exhibitors must complete the Indiana 4-H Quality Livestock Care training.* This program is currently only offered in-person. If you are not able to attend one of the in-person trainings, the YQCA online program will fill the requirement for the quality care training. This can be done at [yqcaprogram.org](http://yqcaprogram.org). If you complete it online, you **MUST** provide your certificate of completion to the Extension Office (email it to [aevinger@purdue.edu](mailto:aevinger@purdue.edu) or bring it in during office hours Monday-Friday 8 am to 4 pm). Clay County Farm Bureau has generously offered to sponsor the program, so in person trainings are **FREE**. However, if you decide to complete the program via the internet, there is a \$12.00 fee.

Please call the Extension Office (812-448-9093) to RSVP for an Indiana 4-H Quality Livestock Care training session or follow the link next to your select date to register. Members must be registered *BEFORE* attending a training.

All training's will be held at **6:30pm** in the Exhibit Hall on the following dates:

- March 19, 2025 - <https://tinyurl.com/bdb37k2n>
- April 29, 2025 - <https://tinyurl.com/3caj4wbk>
- May 22, 2025 - <https://tinyurl.com/39djrxxx>
- June 30, 2025 - <https://tinyurl.com/2vyb8j93>

Good Luck this year with your 4-H Swine Projects. If you have any questions, please contact the Extension Office at 812-448-9041.

*\*Exceptions that are allowed to 1 and 2 above include hoof trimming, dehorning, removal of hair, manipulation of normally attached hair, castration, branding, tattooing, ear notching, docking of tails on sheep and swine, and coloring that does not alter or misrepresent breed characteristics.*
  - 3) 4-H market animals shall not contain any identifiable or unidentifiable foreign substance, including drugs, steroids, or chemicals, greater than those standards established by the United State Department of Agriculture (USDA) or Food and Drug Administration (FDA) as permissible for sale for consumption as human food both on day of show and day of shipment to market from the Clay County Fair. Drugs may not be administered to a 4-H animal exhibit at the Clay County Fair except those approved by the project superintendent. The project superintendent must witness the procedure.

## **OWNERSHIP & REGISTRATIONS**

### **SHOW PROCEDURES**

- All livestock exhibits are due as designated in the fair schedule. No livestock is to be unloaded until checked by that species superintendent and/or a Vet. **NO EXCEPTIONS.**
- The superintendent will be in charge of assigning livestock pen space.
- In livestock classes, placing ribbons will be awarded to the first five placings in each class.
- Exhibitors who fail to show required registration papers will show their animals in the Crossbred Class.
- Animals shown at other shows after the enrollment deadline under different ownership will not be eligible for the Clay County 4-H Show. This does not apply to siblings and parents, who may show each other's animals at any show during the year without jeopardizing 4-H eligibility.
- Competition placings do not become official until the completion of all post judging animal verification such as, but not limited to, retinal scan or RFID tag reading.
- If, in the opinion of the judge or superintendent, the club members cannot safely handle the animal, they will be credited for completing the project.
- Only animals for exhibition during the fair may be on the 4-H Fairgrounds. Those animals not scheduled for overnight stay may be here only during exhibition.
- After a Champion is selected, the second-place exhibit in that same class automatically becomes eligible to show for Reserve; likewise a Reserve Champion to an exhibit selected for Grand Champion becomes eligible for Reserve Grand Champion.

### **CLAY COUNTY LIVESTOCK AUCTION**

- All animals must be sound and healthy in order to be sold in the Clay County 4-H Livestock Auction. If the animal is found to be unsound, the project superintendent, auction committee and 4-H Council will make the final decision on whether the animal will go through the auction.
- All 4-H members are required to complete the Indiana 4-H Quality Livestock Care Training in order to sell in the livestock auction.
- A Premise ID will be required for all Beef, Boer Goats, Dairy, Dairy Goats, Meat Goat Wethers, Pygmy Goats, Sheep and Swine sold at auction.
- Exhibitors wishing to exhibit beef animals or dairy steers weighing below 850 pounds must sign a release form acknowledging that their animal is not eligible for the beef sale at the auction unless a buyer is secured.
- Swine weighing less than 230 pounds at weigh in may be shown at the fair but will not be allowed to be sold in the livestock auction. **NO EXCEPTIONS.** Exhibitors wishing to exhibit swine weighing

below 230 pounds must sign a release form acknowledging that their animal is not eligible for sale at the auction unless a buyer is secured.

- F. Once an animal has gone through the auction it may not be exhibited at the Indiana State Fair or any other 4-H affiliated show.
- G. Sale order for each species will be: 1. Grand Champion; 2. Reserve Grand Champion; 3. Grand Champion Born and Bred; 4. Reserve Grand Champion Born and Bred. Others will draw for sale order. In the event that the person having Grand Champion or Reserve Grand Champion does not sell that animal, but sells another animal, they must draw for sale order.
- H. If the market is available for any species of animals sold in the auction, the animal will be pegged, sold and either shipped or kept as designated by the buyer. Animal species sold in the auction include cattle, swine, poultry, goats, sheep and rabbits.
- I. Poultry exhibitors may enter either a meat pen of Cornish type chickens weighing 5 pounds each or more or a meat pen of ducks weighing 5 pounds each or more in the livestock auction. Another option is selling a turkey.
- J. Rabbit Exhibitors may sell one meat type entry in the auction. Auction entries must be from one of the Meat Rabbit Classes which include Meat Pens (3 rabbits), Single Fryer, Roaster or Stewers.

- F. Each contestant will enter a “lottery” and draw a number one-six at the start of the contest. This number will determine the animal they will show throughout the entire contest. For example, a member draws number five, this member will always exhibit animal number five in each species. The Superintendent in each species will number the animals one-six. The contestants will know to walk directly to their designated animal.
- G. Each species winner will enter the ring first for his/her species.

- I. After the contest starts, the contestants will not be allowed to leave the show ring, except for the one authorized break. Spectators will only be allowed in the bleachers area of the Show Arena.

- J. There will be a 15 minute time limit per class.
- K. Judges’ names MUST be submitted to the extension office by **June 1, 2025**. A brief biography for each judge must be prepared before the start of the Round Robin and submitted to the Round Robin committee chair on Sunday of the fair. The committee will be responsible for asking judges to remain until the end of the competition. The Committee Chair will work with the educator and superintendents to hire judges.
- L. A point system will be used with points assigned to each round as follows: first place, 1 point; second place, 2 points; third place, 3 points; fourth place, 4 points; fifth place, 5 points, and sixth place, 6 points. The winner will be the contestant with the lowest score at the end of the Round Robin.
- M. All past and current winners of the Round Robin competition will be unable to compete again for the remainder of their 4-H eligibility.
- N. The first and second place winners will receive awards at the conclusion of the contest.
- O. In case of a tie, a written test will be administered at the contestant/parent meeting on Thursday afternoon. This test will consist of twelve questions, two from each species. The test will be created by the Round Robin Committee and Youth Extension Educator. No outside help can be given during this test. This includes spectator advice or electronic devices. The tests will be sealed in an envelope at the meeting and only be used if a tie should occur. If a contestant fails to appear at the information meeting, that individual will not be included in the tie breaker.
- P. If any problems or questions arise during the contest, the Round Robin Committee’s decision will be final. Judges’ decisions are final and will be kept confidential.

## Family Enrollment of Animals

Animals are automatically co-enrolled within the same family (Siblings and step-siblings). The animals may be identified under a single 4-H member in 4-H Online and be exhibited by a different sibling listed in the same family profile. **With this capability in 4-H Online, animals do not need to be entered under each 4-H member in the family.** The exhibit management program will allow a member to select to exhibit any animal identified by the family in 4-H Online. It is suggested that at least 1 animal be identified by each member enrolled in the project.
