## **Weed Laws and the Dubois County Noxious Weed Board**

As the planting season wraps up in Dubois and surrounding counties, landowners and managers are reminded that now is the time to complete weed eradication efforts on any noxious weeds on their properties. Not only does control make sense economically for better crops and higher yields, but it is also a requirement for landowners under Indiana law.

Indiana Code (IC) 15-16-8 law states that a person owning or possessing real estate in Indiana must control noxious weeds on property they own or manage by cutting or mowing and, if necessary, by plowing, cultivating, smothering or using chemicals in the bud state of growth or earlier, to prevent detrimental plants from maturing. Named specifically in the law as noxious plants in need of control are Canada thistle, Johnson grass, poison hemlock, Columbus grass, bur cucumber, shattercane, common waterhemp, maretail, Palmer amaranth, rough pigweed, and smooth pigweed.

Individuals not attempting to control these weeds are notified by the Weed Board upon complaint or observation of the need to control the spread of these weeds, and, if no actions are taken, the Weed Board is empowered to control the weeds themselves with costs passed on through the landowner's county taxes.

Charged with enforcing this law in Dubois County are the following individuals and their respective positions: Don Lueken (Chairman), County Highway Department; Patrick Eckerle, Soil & Water Conservation District; James Meyer, Township Trustee; Mark Hochgesang, Agricultural Interest; and Kenneth Eck, Purdue Extension. Individuals with official complaints about noxious weeds may complete and file the complaint form found at:  
[https://www.duboiscountyin.org/departments/county\\_noxious\\_weed\\_board.php](https://www.duboiscountyin.org/departments/county_noxious_weed_board.php)

## **Soil Testing is Foundation for Success in Lawns**

**With Spring just around the corner, homeowner thoughts are turning to this summer's gardens. For best vegetable yields, gardeners should consider routine soil tests to insure that their plants have the right nutrients available and in the correct amounts.**

**For folks wanting to soil samples for their garden, contact the Purdue Extension - Dubois County office at ph. (812)482-1782 to schedule a garden visit and soil test. As part of Dubois County's "Dig-It!" Program run through our SWCD, Purdue Extension can help provide one free garden soil test to local residents.**

**Results and follow-up visit will provide the owner with specific fertilizer and liming suggestions based on the submitted test results and intended plant use for the garden. (Results are laboratory done and much better than the questionable results we've sometimes seen from inaccurate store-bought "quick kits").**

# Pasture Ecology

## SOUTHERN INDIANA PURDUE AG CENTER DUBOIS, INDIANA

11371 E. Purdue Farm Rd | Dubois, IN 47527

\$40 person per event

**June 18, 2025**  
**9:00am - 4:30pm EDT**

Pastures are not a just one-dimensional system used to support grazing livestock. Healthy pastures are full of life both above the soil surface, and below the soil surface. In this day long pasture ecology class, we will look at the entire pasture system and all the life it supports above and below the growing forage.

# Quality Livestock Care Trainings

To exhibit BEEF CATTLE, DAIRY CATTLE, SWINE, SHEEP, MEAT GOATS, DAIRY GOATS, POULTRY, and RABBITS, 4-H members must be certified through the Indiana 4-H.

Members must be registered BEFORE attending a training at <https://25dubois4HQLCtraining.4honline.com>

Members may attend any training dates listed, OR a training in another county, OR complete the online YQCA training

July 1st Proof of Completed Certificates due

**Last Chance!!!**

• June 18, 5:30- 7:00PM Clover Pavilion, Dubois County 4-H Fairgrounds

## Important Reminders

### Mini 4-H Liability Waiver -

Mini 4-H (Grades K-2) members that will be exhibiting livestock at the 2025 Dubois County 4-H Fair must complete this waiver. If you have difficulties, paper copy is still accepted. Please complete this by check in of 4-H Fair. For directions and a copy of the Mini 4-H liability waiver go here:

<https://25duboismini4hanimalliability.4honline.com>

### Premise ID Information -

Premise ID is required for any 4-H livestock animal (beef, dairy, goat, rabbit, sheep, and swine) that will be exhibited and entered in the food system. It provides the information needed to trace the animal from processing back to the farm to ensure a safe food system and necessary biosecurity.

If there were animals on the property beforehand, then you will need to check if there is a premise id already assigned. To check to see if there is an existing Premise ID email [animalid@boah.in.gov](mailto:animalid@boah.in.gov) (Include your name and physical address in the email.)

To obtain a new Premise ID please go here <https://www.in.gov/boah/traceability-and-premise-id/indiana-premises-registration/> and you can complete an online form. It will ask you questions about what animals will be on the property but there is a spot that you can select 4-H as the reason animals will be located on the property.

### 4-H Electric Project Members -

Supplies for the project can be purchased online at EE in a box and link to the 4-H Project Ideas is here: <https://shop.eeinabox.com/category.sc?categoryId=90> You also can purchase the parts yourself at any electrical supply store

### July 1-

Proof of Completed Youth for the Quality Care of Animals or Indiana 4-H Quality Livestock Care Certificates due to be eligible for animal shows (Livestock animals. No quality care certificate needed for cat, dog, horses, llamas and alpacas, and small pets)

### June 23rd -

FairEntry due to receive project labels and have a smooth check in
