- Ask your Purdue Extension Educator for help.
- All applications are electronic and not handwritten. If you need a computer to use, please let us know.

Cover Letter Basics

A cover letter should be one page introducing your résumé that includes 4-6 paragraphs that will make the reader want to read your résumé.

Paragraphs Do's:

- Project Specific
- Feature Life Skills - introduce briefly three of your life skills
- Feature Activities - 1 skill per paragraph
- Link Activities to Skill
- Use different examples than your résumé
- Bold Skill (usually 1 skill per paragraph)
- Have an opening and closing
- Thank the reader and sign letter

Paragraphs Don'ts:

- Talk about general 4-H
- List activities with no link to skills
- List all your skills in one paragraph
- Make skills hard to find
- Be boring or disorganized
- Forget to sign or thank reader

Answer the following...

1. What is your project area?
2. What have you learned from 4-H?
3. What has 4-H done for you?
4. List your life skills, why they are important, and how you use them and/or expand on résumé information:
 - 1) Life Skill:
 - 2) Life Skill:
 - 3) Life Skill:
 - 4) Life Skill:

Résumé Worksheet

Skills and Accomplishments: (most important to least important)

What have I learned it? How do I use it? Why is it a strength?

Each example/illustration/activity should be related to this life skill and what happened as a result of your action.

Life Skill #1:

List specific illustrations of this life skill:

- 1.
- 2.
- 3.
- 4.
- 5.

Life Skill #2:

List specific illustrations of this life skill:

- 1.
- 2.
- 3.
- 4.
- 5.

Résumé Tips

Format:

- Top – Name, Address, and Phone Number
- Skills should stand out (bold)
- Font large enough to read (minimum of 10)
- Must be only 2 pages
- Goals – include a short and long term goal
- Awards – keep to a minimum and only related to the project for which you are apply

The résumé should expand on the life skills and not add life skills.

Résumé

1-2 pages in length – No more than 2 pages

Include:

- Name and address
- Future goals
- 5 Skills & bullet points defending each skill
- Optional: Honors (if you have room)

Awards are nice but explain what you learned, not what you earned!

You need to sell yourself and life skills gained quickly and thoroughly to the readers.
Here are a few helpful hints to get this accomplished:

- Share the 5 life skills that you feel 4-H helped you learn - same skills as in cover letter.
- Tell what 4-H experience helped you strengthen the life skills you listed.
- Use power verbs - start with the verb in past tense (what you have done).
- 4-H experiences must relate to category in which you are applying.
- List 4-H experiences first.
- Use concise bulleted format.
- Put most impressive bullet points first.
- Prove your point.

Organization

- Scheduled dates, times and room locations for our three elementary schools when serving as three-year coordinator of 4-H School Promotions.
- Secured presenters, materials and obtained school releases and transportation for presenters.

4-H Youth Development Department

Dear Scholarship Selection Committee,

In your opening paragraph include an antidote or personal story/experience as your introduction. Make sure you keep it brief and have it relate directly to the scholarship category. Make sure you include what category for which you are you applying. Then write specifically about the life skills that you list in the résumé. Keep it short and to the point. A list is a good way to do this.

The body of your letter should be 2 or 3 paragraphs that expand on life skills/résumé. This is also where you tell the committee what you have learned from 4-H related to the category you are applying for. What has 4-H done for you? What skills are you talking about and why the skills are important along with how you use them? Use a separate paragraph for each of the different life skills.

Don't forget to put in a closing paragraph that either summarizes what you have said or add more about what you have gained from this scholarship category. Please thank the committee for their time in reviewing the scholarship applications.

Sincerely,

Sign it with your signature in ink.

Your name typed.

Your letter will be judged for completeness, clarify, grammar, punctuation, content, if it adequately describes skills and accomplishments, if it encourages the reader to want to know more, and how it relates to your résumé.

Life Skill Examples

Taught how to make “Pizza with Pizzazz” to 38 people at our County Demonstration Contest and 32 people at my local 4-H club meeting. Pizza with pizzazz is made with English muffins in less than three minutes.

Demonstrated “Pizzazz Your Plate” by showing how to make five garnishes to 30 people at the county contest, as well as 37 4-Hers at my club meeting.

Designed and **presented** an interactive presentation for 80 people at the Extension Annual Meeting. The presentation highlighted the Indiana State Fair Youth Leadership Conference.

Instructed 24 first year 4-H’ers and parents on the techniques for making and exhibiting 4-H posters at our county “First Year” workshop.

Presented a short speech on Mini 4-H on my local television channel. I discussed some of the different activities and highlights of Mini 4-H. This program reached about 75% of the families in Elkhart County.

Planned a demonstration on “Tasty Gifts to Go.” Tasty Gifts to Go are brownies, cookies, and soups that are put into a jar. Shared Tasty Gifts to Go in my local club, at our county contest, and at the Indiana State Fair.

Prepared tips on “health and safety” topics for six of my local 4-H club meetings. The topics included nutrition, bicycle safety, poison ivy, and tornado watches. I gave a short presentation to 55 4-H’ers and parents each month.

Designed an eight-page travel magazine highlighting places such as Gettysburg, Pennsylvania, and Hershey Park. It incorporated postcards, pictures, and text.
