EXHIBIT CHECK-IN:	Sunday, July 14, 4-6 PM
JUDGING:	Tuesday, July 16, 8:30 AM, Open Judging
RELEASE:	Tuesday, July 23, 9-11 AM, and 5-7 PM
STATE FAIR ENTRIES:	Two (2) Beginner, Three (3) Intermediate, Three (3) Advanced

Project Description:

In the photography project, the 4-H member will learn to take pictures using proper lighting, exposure, and composition. In addition, the member will learn about different types of cameras, film, lenses, and filters. There will be a Grand Champion in each level: Beginner, Intermediate, and Advanced.

Levels:

Beginner (grades 3-5 suggested)

Intermediate (grades 6-8 suggested)

Advanced (grades 9-12 suggested)

Project Guidelines:

- Each year, members are recommended to complete three (3) different project manual activities.
- Encouraged to complete a photography specific record sheet that can be found on the 4-H website.
- A 4-H member may enter two (2) exhibits from different categories.
- All images are to be original images taken by the 4-H member.
- Photos must have been taken since the last project entry date of the county fair.

Exhibit Guidelines:

Posters are to be 22"x28" and displayed horizontally and placed in a clear plastic sleeve or covered with clear plastic to protect contents. Space should be left in the lower right hand corner to place an exhibit tag provided by Purdue Extension staff.

All images are to be original images taken by the 4-H member during the current program year. Captions are not recommended.

Print board exhibits are to include 10 photos mounted on a poster as described above, each no larger than 5"x7". Number each print 1-10. Prints may be a mix of digital and/or standard development. Create a title of choice for the print board exhibit. Space should be left in the lower right hand corner to place an exhibit tag provided by Purdue Extension staff.

Salon prints are to be no larger than 11"x14", mounted on a standard 16"x20" salon mount, and displayed vertically. Salon prints are to be placed in a clear plastic sleeve and captions are not recommended. Space should be left in the lower right hand corner to place an exhibit tag provided by Purdue Extension staff.

Images may be taken with a film camera, digital camera, cell phone, or other electronic device. Altering of images by any other means besides the device it was taken with is to be entered in the creative/experimental category. Creative/experimental exhibits must include the original photo on the back side of the board, a description of how the image was altered, and equipment/software used to alter the image.

Editing photos such as cropping, color adjustment, and other enhancements are considered to be part of the normal photography educational learning process and are permissible. So judges can better evaluate a photography exhibit, the 4-H member is asked to attach to the back of their salon or print board exhibit the make and model of camera used and a description of any editing.

A photo that has been modified to change the original intent, meaning or story captured should be entered in the creative or experimental class. Photos exhibited as creative or experimental are to attach to the back of their exhibit the make and model of camera used, software or other tools used to change the photo, a description of how the photo was changed, and copy of the original photo before editing.

Sepia tone photographs (mono chromatic) are to be entered as black and white photos.
