GRATEFUL FOR OUR 4-H YOUTH

Celebrating the energy and creativity of Youth

It's been a busy and exciting season for Harrison County 4-H! I've loved seeing the creativity and enthusiasm our members bring to every workshop and event. Whether it's painting masks, building leadership skills, or making new friends at retreats, there's been no shortage of energy and laughter in our programs.

As we move into the next part of the 4-H year, I encourage families to take a look at upcoming opportunities. There are so many ways for youth to explore new interests, meet friends, and grow their confidence. Trying something new might just lead to a favorite project or even a future career path.

I'm always thankful for the time and support our volunteers, parents, and community partners give to make these experiences possible. Your involvement helps create a strong 4-H program that truly belongs to our youth.

See you at an upcoming meeting or workshop. And as always, don't hesitate to reach out with ideas or questions.

What's a 4-H Club?

A 4-H Club provides positive youth development opportunities for young people to experience belonging, mastery, independence, and generosity. Clubs meet a minimum of 6 times per year. Below are the different types of clubs 4-H offers:

Community Clubs- Members are typically from the same area, who come together to learn new things, work on projects they're interested in, and help their community.

Project Clubs- These clubs focus on a specific topic or skill, such as robotics, shooting sports, livestock, etc. They meet regularly to learn more about their projects, work on activities, and master their skills in that area.

SPARK Clubs- These are special interest groups designated to "spark" an interest in different subjects. They include six hours of instructional time which may occur in one day or over a length of time. Examples of past Spark Clubs we've had include Tae-Kwon-Do, Sewing, Hiking, Dance, or Music!

Who Can Join 4-H?

Harrison County 4-H is open to **ALL** youth in grades K - 12 who reside in Harrison County. Youth who live in other counties may join if they have interest in a program not offered in their home county upon the approval of the 4-H Educator.

Many of our 4-H Clubs are youth-led, with members taking leadership roles in planning, organizing, and running their own meetings and events.

4-H Enrollment: PROJECTS!

What are 4-H Projects?

Members have the opportunity to learn more about a subject matter that they choose to study through completing hands-on activities. We refer to these as projects. In order to enroll in a project, members must sign up for them at the time of enrolling in 4-H. Some projects have a manual which guides the youth through the learning process as well as a set of guidelines that help them meet the project requirements. There are project superintendents who are knowledgeable on a particular subject who will often times provide

workshops to allow the youth to learn about that topic in a social environment. Each project has a beginner, intermediate, and advanced level-this allows youth to build on their knowledge each year and continue to challenge their skills. Projects are meant to be worked on over time, providing an educational opportunity for youth outside of the classroom setting. Often times, youth will exhibit and display their project at a local county fair in order to show the community what they have learned.

Livestock Committee Meeting

November 10 at 6:00 PM

The Livestock Committee will be discussing educational programming, youth leadership opportunities, awards, auction, and county fair!

Growing into 4-H: a Workshop for NEW 4-H Members & Families!

November 12 at 6:00 PM

Do you have a graduating Mini 4-H member moving up into traditional 4-H? Are you brand new to 4-H? Join us for a fun, hands-on orientation to kick off your 4-H Journey! Learn the basics of 4-H, explore projects and record keeping, create a 4-H project, and meet new friends and practice life skills!

Cookie Science Workshop

November 13 at 6:00 PM

Grades 3-12

Do you love cookies AND science? Then this workshop is for you! Join us as we experiment with baking and discover what really happens when you change ingredients.

- Will melted butter make a cookie spread more?
- Will adding extra flour make it chewier?
- What happens if you leave out an egg?

In this hands-on workshop, youth will work in teams to test ingredients, write hypotheses, bake, and taste-test their results. It's the perfect mix of science, fun, and delicious cookies!

Mini 4-H Stone Soup

November 12 or 19 at 5:30 PM

Grades K-2

How can you make soup from a stone? Sign up and learn the secret as we follow the old story and end up with a tasty soup by working together. Each Mini who signs up will be asked to bring & prepare an ingredient for the meal.

Register on 4-Honline. Registration is required to attend.

Area II Crops, Entomology, Forestry Contest

November 18 at the Orange County Community Center

This event is open to 4-H and FFA members and is designed to teach youth skills necessary in agronomy, entomology, and forestry. Participants must qualify for the area event in order to participate at the state contest.

Career Development Events

What are CDE Events and the Area Groups?

Indiana 4-H members have the opportunity to participate in Career Development Events (CDEs). CDE's are hands-on contests that help youth build skills in agriculture, science, communication, and decision-making. These events include livestock, dairy, horse, poultry, soils, forestry, meats, crops, wildlife, and more. Through CDEs, youth learn real-world skills like evaluating animals, identifying plants, or making consumer decisions, all while working as part of a team.

Indiana is divided into Area Groups, also known as Extension regions. Each Area Group brings together 4-H members from several counties to hold Area-level contests. Some of these events often serve as qualifiers for the State CDEs hosted by Purdue University and partners. From there, top teams may even advance to national competitions.

Participating in a CDE is more than just a contest- it's an opportunity to grow leadership, practice problem-solving, and connect with other youth who share similar interests. Whether you're interested in animals, plants, or natural resources, there's a CDE for you!

CDE Event Registrations- Important Update!

There is an important update regarding registration for Career Development Events (CDEs). If your child is participating in any 4-H CDE, either as an individual or on a team, they must register through 4-H Online under the Harrison County CDE Team event. This single event will cover all CDEs your child participates in, including practices. You can find it at <https://harrisoncde.4honline.com> or under the "Events" tab in your family's 4-H Online profile.

You will still need to register separately for individual area or state competitions, but the Harrison County CDE Team event will track all members representing the county. For example, if a member participates in both Forestry CDE and Livestock Skillathon practices, they should select both events when registering under the Harrison County CDE Team. Then, if they compete at an area event, they will register for that specific competition separately.

Lastly, if you are planning to compete individually or as a team at a CDE event outside of the county, I must know in advanced as I must report outside county activity to Purdue's youth protection database. If you need assistance with registration, please call 812-738-4236 or email denny4@purdue.edu.

Mini Graduation

Over a dozen 4-H Minis attended a graduation celebrating their transition from Mini member to Traditional 4-H member. Parents, grandparents, and other family members watched proudly as their Mini received their 4-H binder, a graduation certificate, and their first of hopefully many 4-H year pins. Photos of the graduates taken over the last 3 years were displayed on the wall showing their progression and highlighting the many projects they completed.

4-H Council President, Jennifer Kintner and 4-H Youth Educator, Anna Denny were the night's speakers congratulating the children and encouraging them to continue learning and growing through 4-H. The night ended with Miss Mary's cookies, a constant treat at each Mini workshop, a copy of the cookie recipe and a flyer advertising upcoming traditional 4-H'er programs.

I want to wish ALL of our newest Traditional 4-H members the best of experiences and adventures. Keep up being helpful and creative and remember to do your best in whatever you choose to do. Congratulations, Miss Mary

Blue River Canoers Bake Sale Success!

The Blue River Canoers 4-H Club had a great morning at the Palmyra Farmer's Market! Club members set up bright and early with tables full of homemade cookies, and other sweet treats. It was wonderful to see so many friendly faces stop by to support the club and chat with our members.

All funds raised will help the club with future activities and community projects. Thank you to everyone who baked, helped at the booth, or came out to grab a snack. We appreciate you!

Birthday Bundles Initiative Expands Reach

The Indiana 4-H Foundation YES Grant Birthday Bundle initiative has expanded beyond Harrison County thanks to this incredible group of teens!

At the Southern Indiana 4-H Junior Leader Retreat, teens from several counties joined together for a special service project, assembling Birthday Bundles to donate to local food banks.

Birthday Bundles are kits that include cake mix, frosting, candles, and other fun party essentials, everything a family might need to celebrate a child's birthday, even when times are tough. These bundles help spread joy and remind families that every birthday deserves to be celebrated!

Success Stories

Blue River All Stars Made a Big Splash

On November 2, the Blue River All Stars made a big splash at Big Splash Adventure in French Lick! Everyone had an amazing time swimming, sliding, and enjoying a day full of laughter and teamwork. Thank you to everyone that made the day possible.

Mask Making Workshop

At the Mask Making Workshop, 4-H Volunteer Debbie Schweitzer talked about the history and culture of masks from around the world. The kids learned how masks have been used for celebrations, storytelling, and traditions in different cultures.

After the presentation, everyone got to design and make their own masks. They practiced the design process — planning, creating, and decorating — while showing off their creativity. Each mask was unique, and everyone had fun learning and making something special to take home!

Scarecrow Showdown

At the beautiful Rice Island in downtown Corydon, 4-H'ers brought their creativity and fall spirit to the 4-H Scarecrow Showdown! Each scarecrow was full of personality and charm! Thank you everyone who participated and helped make this a fun 4-H tradition!

Spooktacular Ride for the Harrison County 4-H Color Guard!

The Harrison County 4-H Color Guard trotted into the Halloween spirit during the 2025 parade! With perfect fall weather and festive fun all around, it was a great way to celebrate the season while testing the dependability of their horses — who all passed with flying colors!

Harrison County 4-H Junior Leaders Take the Lead!

Harrison County 4-H Junior Leaders recently joined teens from across the region at the Southern Indiana Junior Leader Retreat, where they spent the weekend sharpening their leadership skills, building friendships, and having a great time! Participants took part in team-building and leadership workshops, tried their hand at axe throwing, and engaged in meaningful community service projects—including assembling Birthday Bundles for local food pantries and making dog toys for animal shelters.

The Harrison County 4-H Junior Leaders are a group of teens who plan service projects, lead workshops, and represent 4-H throughout the year. **Interested in joining?** Sign up for the Junior Leaders Club on your 4HOnline.com account to receive updates on upcoming events and meetings. SCHOLARSHIP OPPORTUNITIES

Senior Year Scholarship

Available to 4-H members in their senior year of high school

Club Scholarship

Available to 4-H members entering Purdue University majoring in the College of Agriculture or select majors in the College of Health and Human Sciences

Purdue Horticulture & Landscape Architecture Scholarship

Available to a 4-H member majoring in horticulture or landscape architecture at Purdue University and studied plant science in 4-H.

Accomplishment Scholarship

Available to 4-H members in grades 10-12 of high school and the year immediately following high school graduation. The purpose of the 4-H Accomplishment Scholarship is to recognize youth who have excelled in life skills development through their 4-H activities and involvement.

Categories: Animal Science—Meat and Milk Production; Animal Science—Companion and Small Animal Production; Citizenship; Communications; Engineering and Technological Science; Healthy Living, Food and Nutrition Science; Leadership Development; and Plant and Environmental Science. Three additional categories are reserved for applicants demonstrating life skills development in more than one of the previously listed categories. Those are Premier Achievement, Premier Citizenship, and Premier Leadership.

Eligibility: Applicants must be in grade 10, 11, 12, or their first year immediately following 4-H enrollment eligibility at the time applications are due. While an applicant does not have to be a current 4-H member, they must demonstrate multiple years of involvement in Indiana's 4-H Youth Development Program.

Youth who have previously been awarded a \$1,000 accomplishment scholarship are only eligible to compete in the Premier Achievement, Premier Citizenship, and Premier Leadership categories. Youth who have previously been awarded a \$2,000 scholarship are no longer eligible to compete in any category.

Awards: A minimum of thirty \$1,000 scholarships will be awarded to youth based on their demonstration of life skills development in these eight categories: Animal Science—Meat and Milk Production; Animal Science—Companion and Small Animal Production; Citizenship; Communications; Engineering and Technological Science; Healthy Living, Food, and Nutrition Science; Leadership Development; and Plant and Environmental Science.

A minimum of one \$2,000 scholarship will be awarded in each of these categories: Premier Achievement; Premier Citizenship; and Premier Leadership.
