

# WHAT'S HAPPENING WITH PURDUE EXTENSION - HENRY COUNTY AGRICULTURE AND NATURAL RESOURCES?

## A NOTE FROM ANR EDUCATOR

Happy New Year! Mother nature must have felt bad for the horrible weather during harvest so she gave us warm weather all the way through December! I hope everyone has gotten the equipment cleaned and stowed away until Fall. Winter Wheat seems to be coming along nicely in our area. However, as I'm sure you all have noticed fertilizer prices are through the roof. I encourage you all to get your seed and fertilizers purchased sooner rather than later because I foresee prices rising from here, not declining. This lifestyle is tough and demands large amounts of your energy. Take time for yourself and your family during this time of year. If you are able, take a trip or enjoy a day off to rest occasionally. We all need that mental health break and it is okay for you to seize that opportunity! As we approach the year 2022, I hope you all will look for programs we are hosting. I am looking forward to meeting many of you through those programs and hope that each attendee will walk away with at least one piece of knowledge after the program. Lastly, I hope you will join us for the annual meeting this year on February 17, 2022. More details will be provided as the event draws closer!

Danielle Hunt

Purdue Extension-Henry County ANR/4-H Educator

## PARP LICENSE RENEWAL REMINDER

If your PARP license was set to expire in December of 2021, you should have received a form to renew in the mail. Make sure you are filling that out and returning it if you accumulated all of the points you needed prior to the end of 2021. If you did not receive that renewal paperwork contact the Office of Indiana State Chemist at 765-494-9563.

# ANNIE'S PROJECT

EMPOWERING WOMEN IN AGRICULTURE

## Why Annie's Project?

This six-week course is a discussion-based workshop bringing women together to learn from experts in production, financial management, human resources, marketing and the legal field.

There's plenty of time for questions, sharing, reacting, and connecting with your presenters and fellow participants.

It's a relaxed, fun and dynamic way to learn, grow and meet other farm women.

## Annie's Project – Level I VIRTUAL Offering

### January 25, 2022

- Introduction
- Real Colors – Personality Assessment

### February 1, 2022

- Farm Business Planning
- Succession Planning

### February 8, 2022

- Grain Marketing
- Farm Stress
- Crop Insurance

### February 15, 2022

- Computer Software Recordkeeping
- Ag Lender's Perspective

### February 22, 2022

- Farm Finance
- Local Resources

### March 1, 2022

- Farm & Family Insurance
- UAV & Ag Tech
- Web Soil Survey

Empowering farm women to be better business partners through networks and by managing and organizing critical information.

*"I took the class to gain a better understanding about agribusiness and how financial decisions impact our farm operation.*

*I have a better understanding of balance sheets and the futures market...this class has improved communication with my spouse on concerns he works with on a daily basis." – Linda*

**Only \$75.00 for all six virtual sessions!**

**Register at**
