The Indiana Food Vision will create a shared understanding of our food system challenges and opportunities, and unify efforts across the state to:

- Inform decision-makers at the local, regional, and state levels
- Help communities, businesses, and organizations get funding
- Identify what's already working in our food systems
- Foster innovation and collaboration across the public, private, and non-profit sectors
- Support local efforts with statewide information

The Indiana Food Vision is for every Hoosier who eats or grows food! This effort is organized by a statewide steering committee made up of public & private sector partners, non-profits, and regional food policy council members, in partnership with the Indiana Department of Health & Indiana University.

Get Involved

We need to hear from you. The Indiana Food Vision is a ‘by the people for the people’ effort to center the voices of Hoosiers who eat, grow, or buy food. We want to hear about what matters to YOU. Help shape the Vision by taking our survey.

Direct Supervision of Noncertified Applicators
Using Restricted Use Pesticides

Effective July 1, 2024, the Indiana General Assembly adopted Senate Enrolled Act No. 216 to amend and clarify direct supervision requirements for noncertified applicators using Restricted Use Pesticides (RUPs). SEA #216 adopted the federal requirements for direct supervision in 40 CFR 171.201 <https://www.ecfr.gov/current/title-40/chapter-I/subchapter-E/part-171/subpart-C/section-171.201>. Following is a summary of the new requirements.

1. Use of a Restricted Use Pesticide (RUP)
 - a. Any individual that uses any RUP for any purpose or on any property must be:
 - i. at least 18 years of age; and
 - ii. a certified and licensed applicator; or
 - iii. operating under the direct supervision (see #5 below) of a certified and licensed applicator employed by the business, organization, or farm operation.
 - b. To qualify as a commercial certified applicator, an individual must pass a written:
 - i. core exam; and
 - ii. category-specific exam
 - c. To qualify as a private applicator (uses a RUP on property personally owned or controlled for producing an agricultural commodity), an individual must pass a written core exam but must also pass a category specific exam to use fumigants (category 7D) or to apply aerially by plane, helicopter, or drone (category 11).
2. Direct Supervision of a Noncertified Individual Using a Restricted Use Pesticide (RUP)
 - a. The certified and licensed supervisor shall be legally responsible for all requirements and activities by the noncertified applicator.
 - b. The noncertified individual must complete one of the following mandatory training options annually, listed at https://oisc.purdue.edu/pesticide/training_nca_rups.html.
 - c. The certified and licensed supervisor must keep records for two years for the training in item 5b above, that includes the following:
 - i. Noncertified individual's name and signature.
 - ii. Date of the training. Name of the trainer. Title
 - iii. of specific annual training, i.e.
 - iv.
 - 1.WPS Pesticide Handler Training.
 2. Pesticide Safety Training for Non-Certified Applicators Using RUPs.
 - d. The certified and licensed supervisor must ensure the following for the noncertified individual:
 - i. Access to product labeling at all times during use.
 - ii. Personal protective equipment is available, clean, and is being worn correctly.
 - iii. Understandable site-specific instructions covering precise location, precautions, use directions, and potential adverse effects.
 - iv. Daily proper operation verification of all mixing, loading, transferring, and application equipment.
 - v. Means of immediate communication between the noncertified applicator and the certified and licensed supervisor.
 - vi. Physical presence of certified and licensed supervisor at the work site, if required by label.
