

Annual Club Planner

 Club Name _____ **Superior STEAM** _____ Year **2025** _____

Month	Business Agenda	Program Agenda	Recreation Agenda
January	FIRST Robotics & Think Like an Engineer	Robotics competitions & STEAM Workshops	
February	FIRST Robotics, LEGO Lessons, & Think Like an Engineer	Robotics competitions & STEAM Workshops	
March	FIRST Robotics, LEGO Lessons, & Think Like an Engineer	Robotics competitions & STEAM Workshops	
April	LEGO Lessons & Think Like an Engineer	LEGO & STEAM Workshops	
May	LEGO Lessons, Mechatronics & Think Like an Engineer	LEGO & STEAM Workshops	
June	Mechatronics, Think Like an Engineer & Osmo Learning	STEAM Workshops & Early Learning Supplement	
July	Mechatronics, Think Like an Engineer & Osmo Learning	STEAM Workshops & Early Learning Supplement	

August	FIRST Robotics	Robotics competitions	
September	FIRST Robotics	Robotics competitions	
October	FIRST Robotics	Robotics competitions	
November	FIRST Robotics	Robotics competitions	
December	FIRST Robotics	Robotics competitions	

Other Activities for the year

Activity	Time Frame	Point of Contact
Service Projects, Socials, Special Events	When will it take place?	Who is responsible for following through with plans?
Community Events	See calendar @ superiorsteam.org/events	superiorsteam1301@gmail.com
STEAM Week	June 2nd thru June 7th, 2025	superiorsteam1301@gmail.com
Purdue Academy	June 11th - June 13th, 2025	superiorsteam1301@gmail.com

Tinkerfest	September 20th, 2025	superiorsteam1301@gmail.com
Celebrate Science Indiana	October 11th, 2025	superiorsteam1301@gmail.com
Trunk or Treat	Friday before Halloween	superiorsteam1301@gmail.com hknoy@socc.org
FIRST LEGO League Scrimmage	Late October or Early November	superiorsteam1301@gmail.com beswango@socc.org
FIRST LEGO League Qualifying Tournaments	November thru December	superiorsteam1301@gmail.com
FIRST Tech Challenge Qualifying Tournaments	December thru March	superiorsteam1301@gmail.com
New Year's Lock-in	December 31st-January 1st	superiorsteam1301@gmail.com

ABOUT SUPERIOR STEAM:

Superior STEAM is a year-long youth development program dedicated to teaching Science, Technology, Engineering, Art, and Mathematics (STEAM) through FIRST® Robotics and other hands-on lessons, activities, and competitions.

Purdue Extension is an Affirmative Action/Equal Opportunity Institution.

Superior STEAM is named after the late Danny Daugherty's business: Superior Kiln and Mill Service. His wife, Sandy, is still involved with the program.

Superior STEAM was founded in 2019 to give kids ages 4-18 yrs old the opportunity to learn personal and technical skills through the FIRST Robotics programs and other hands-on STEAM related lessons and activities.

While technical skills, like building and programming, are important for STEAM; we--being part of 4-H and FIRST Robotics--know the importance of personal skills, like communication and teamwork.
