Song: Hokey Pokey

Put your right arm in, take your right arm out. Put your right arm in, and you shake it all about.
Do the Hokey Pokey and you turn yourself around, that's what it's all about!
Put your left arm in, take your left arm out. Put your left arm in, and you shake it all about.
Do the Hokey Pokey and you turn yourself around, that's what it's all about!
Put your right foot in, take your right foot out. Put your right foot in, and you shake it all about.
Do the Hokey Pokey and you turn yourself around, that's what it's all about!
Put your left foot in, take your left foot out. Put your left foot in, and you shake it all about.
Do the Hokey and Pokey and you turn yourself around, that's what it's all about!
Put your whole self in, take your whole self out. Put your whole self in, and you shake it all about.
Do the Hokey and Pokey and you turn yourself around, that's what it's all about!
Do the Hokey Pokey, Do the Hokey Pokey, Do the Hokey Pokey, that's what it's all about!

Winter Safety in the Car

Driving during the winter can be dangerous especially when it's snowy or icy. Here are some tips to help keep you and your family safe during the winter weather.

- Always be sure to clear your vehicle of snow or ice that may obstruct your view.
- If you need to warm your vehicle up, be sure to remove it from the garage or in closed areas before doing so to avoid the risk of carbon monoxide poisoning.
- Wearing bulky clothes or winter coats can prevent seat belts and harnesses from fitting properly. make sure that your seat belt and car seat harnesses are snug.
- If roads are snowy or icy, lower your speed, increase your following distance, and give yourself extra space to stop.

Wreaths Across America

PURDUE UNIVERSITY

Extension - 4-H Youth Development

EA/EOU

On December 14th several Ripley County 4-H members had the privilege of placing wreaths on the headstones of veteran's who are buried in Ripley County. This community service was done in partnership with the Ripley County Community Foundations Wreaths Across Ripley County to ensure that no service member is forgotten this holiday season. We are grateful to the Ripley County Community Foundation for allowing our community to Remember, Honor and Teach.

Thank you to the 4-H Pioneers, Faithful Workers and Pierceville Haypals for helping assist with this project. *If your 4-H Club would like to help next year, contact the extension office!*

2025 SCHOLARSHIP OPPORTUNITIES

Senior Year Scholarship

Available to 4-H members in their senior year of high school

Club Scholarship

Available to 4-H members entering Purdue University majoring in the College of Agriculture or select majors in the College of Health and Human Sciences

Purdue Horticulture & Landscape Architecture Scholarship

Available to a 4-H member majoring in horticulture or landscape architecture at Purdue University and studied plant science in 4-H.

Accomplishment Scholarship

Available to 4-H members in grades 10-12 of high school and the year immediately following high school graduation. The purpose of the 4-H Accomplishment Scholarship is to recognize youth who have excelled in life skills development through their 4-H activities and involvement.

Categories: Animal Science—Meat and Milk Production; Animal Science—Companion and Small Animal Production; Citizenship; Communications; Engineering and Technological Science; Healthy Living, Food and Nutrition Science; Leadership Development; and Plant and Environmental Science. Three additional categories are reserved for applicants demonstrating life skills development in more than one of the previously listed categories. Those are Premier Achievement, Premier Citizenship, and Premier Leadership.

Eligibility: Applicants must be in grade 10, 11, 12, or their first year immediately following 4-H enrollment eligibility at the time applications are due. While an applicant does not have to be a current 4-H member, they must demonstrate multiple years of involvement in Indiana's 4-H Youth Development Program.

Youth who have previously been awarded a \$1,000 accomplishment scholarship are only eligible to compete in the Premier Achievement, Premier Citizenship, and Premier Leadership categories. Youth who have previously been awarded a \$2,000 scholarship are no longer eligible to compete in any category.

Awards: A minimum of thirty \$1,000 scholarships will be awarded to youth based on their demonstration of life skills development in these eight categories: Animal Science—Meat and Milk Production; Animal Science—Companion and Small Animal Production; Citizenship; Communications; Engineering and Technological Science; Healthy Living, Food, and Nutrition Science; Leadership Development; and Plant and Environmental Science.

A minimum of one \$2,000 scholarship will be awarded in each of these categories: Premier Achievement; Premier Citizenship; and Premier Leadership.

Beginner's Guide to Grant Writing:

The two-day Beginner's Guide to Grant Writing program is a great skill builder for the beginner or intermediate grant writer. Whatever your skill level, come with an idea and be ready to write. At the end of Day One, you will have a proposal outline and all of the resources you need to expand your outline into a full proposal.

Return on Day Two with your full proposal, and we will put you into the role of a reviewer, teach you strategies for finding funding, and provide you with an opportunity to polish your proposal and send it in for a strong professional review.

When: Tuesday, February 25, and Tuesday, March 25, 2025, from 9:00 am to 4:30 pm Eastern

Where: Purdue Extension Bartholomew County, 783 S Marr Road, Columbus, IN 47201

Cost: The workshop is \$225.00, which includes all materials and lunch on both days.

Registration: For information on TCTAC sponsorship, contact Kayla Wright at knwright@purdue.edu. To register, please visit <https://cvent.me/d5dAx3>. Please register by February 18, 2025.

A limited number of full registration sponsorships have been made available on a first-come, first-served basis for those who are working on environmental-related projects and planning to submit a TCTAC Intake Form.

Whether your project is big or small, this workshop will give you the information you need to submit proposals confidently.

NOTE: If you need reasonable accommodation to participate in this program, contact Cora Reinbolt at 812-379-1665 or carter34@purdue.edu prior to the workshop.

Family Dinner Projects:

Purdue Extension is partnering with The Family Dinner Project to help bring awareness to the importance of family dinners for youth development. Frequently having dinner as a family can be very important at all ages. Check out this list of benefits that family dinners have on youth:

Below you will find fun conversation starters or games you can use at your next family dinner!

If you would like more information or more resources reach out to Baylee Dwenger by email or phone:
812-689-6511
bdwenger@purdue.edu

Benefits of Family Dinner:

Conversation at the dinner table is even better than reading to children in boosting their vocabulary, and helping them to read.

Kids who start eating dinners now are less likely to be overweight later.

New parents who develop a dinnertime ritual feel more satisfied with marriages.

Strong link between family dinners and academic performance, even stronger than doing homework, sports, or art.

Increased intake of fruits, vegetables and micronutrients, and fewer fried foods, trans fats and sodas.

Children feel more connected to siblings and parents.

Teens who eat regular family dinners are more likely to get A's in school.

Reduces high risk teenage behaviors like smoking, substance abuse, eating disorders, teenage pregnancy and violence.

Reduces depression and anxiety and increases self-esteem.

Opportunity to check in with kids to find out how they're doing.

Dinner Time Conversation Starters:

CONVERSATION STARTER

If you could create a brand new holiday for the world, what would it be? How would you celebrate?

CONVERSATION STARTER

What is one thing you'd like to learn how to do in the next year?

CONVERSATION STARTER

If you could have a zoo animal as a pet, which animal would you pick?

The Horticulture Business lab, led by Dr. Ariana Torres, is developing an online tool designed to empower leafy green growers with data-driven financial decisions. It streamlines recordkeeping with a TurboTax-like format and enhances financial literacy through workshops and webinars, offering in depth profitability, breakeven, and ROI analyses. The tool helps assess the economic feasibility of adopting integrated pest management strategies, promoting smarter investments. Additionally, it supports growers in setting profitable pricing strategies based on breakeven analyses, boosting market access, and improving long-term financial outcomes for their farms. Interested in joining to our ongoing webinars and workshops? Join our mailing list to access upcoming webinars and workshops! Scan the QR code in the flyer.

HortCalculator

A Financial Tool for Leafy Green Farmers

Are you a leafy green farmer seeking innovative solutions to optimize your operations?

The HortCalculator is an online tool that helps you evaluate the economic impact of adopting pest management strategies. The tool provides you with financial indicators including projected profitability, breakeven analysis, and return on investment.
