### Song: Hermie the Worm

Refrain:

Sitting on a fence post  
Chewing my bubble gum  
Playing with my yo-yo  
Woo woo!

And along came Hermie the worm  
And he was this big.  
I asked, "Hermie, what happened?"  
And he said, "uhh I ate my sister"

Refrain

And along came Hermie the worm  
And he was this big.  
I asked, "Hermie, what happened?"  
And he said, "uhh I ate my brother"

Refrain

And along came Hermie the worm  
And he was this big.  
I asked, "Hermie, what happened?"  
And he said, "uhh I ate my mom"

Refrain

And along came Hermie the worm  
And he was this big.  
I asked, "Hermie, what happened?"  
And he said, "uhh I ate my dad"

Refrain

And along came Hermie the Worm  
And he was this big  
And I said, "Hermie, what happened?"  
And he said, "I burped"

## Health & Safety Tip

### Safety in the Heat

#### **Why?**

Being out in the heat can be very hard on our bodies. If we don't take care of ourselves it can lead to heat exhaustion or even a heat stroke.

#### **When?**

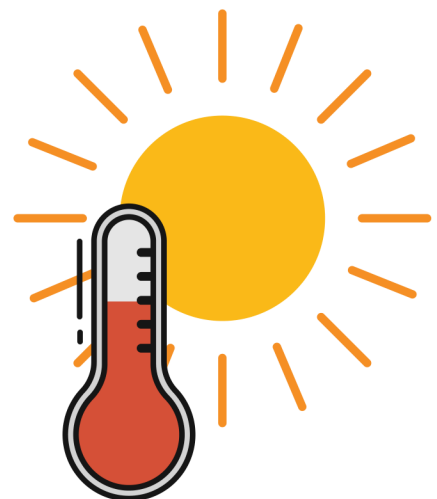

During the hot summer months it's important to pay attention to the temperatures and heat conditions. The National Weather Service will issue advisory's, watches, and warnings when excessive heat is expected. In general, the National Weather Service will issue these if the heat index is expected to be over 100 degrees.

#### **How?**

Stay safe during excessive heat by taking these precautions:

- Stay out of the direct sun when possible. If you must be in the sunlight, be sure to wear sunscreen to protect yourself from sunburn.
- Stay hydrated by drinking water often. It's suggested that you drink one half of your body weight in ounces of water.
- Take breaks often to stay cool and hydrated.

## FairEntry Information

It's the time of year where we now ask 4-H members to complete FairEntry. FairEntry is the system we use to enter what projects you are bringing to the fair, make show bills, create judges packets, input results, and so much more.

It is highly important that you complete FairEntry by **July 8th** to be fully eligible to compete at the fair. According to the Indiana State 4-H Policies and Procedures Section 4.6 Exhibition Deadlines, 4-H members who make no attempt to complete FairEntry, the following rules apply:

For livestock projects: "Those missing this deadline may exhibit and will have opportunities to receive feedback from the judge. Youth may still participate fully in showmanship classes."

For non-livestock projects: "Those missing the deadline may compete and the highest placing is 'blue'."

If additions or corrections are needed after the 4-H member has attempted to complete FairEntry, these will be made without affecting the 4-H members participation. Please let the Extension Office know of any changes as soon as possible.

### Helpful Tips:

- We suggest using Fire Fox or Chrome to complete FairEntry. Internet Explorer doesn't work well with FairEntry.
- Remember you will use your 4-H Online Login Email and Password to access FairEntry.
- You must be enrolled in a project in 4-H Online before you can add an Exhibit for the project in FairEntry. If you need a project added into 4-H Online please contact the office.
- Double check that all exhibitors have all their entries created before submitting! Once you click "Submit," you will not be able to make any changes online. You will not be able to add another exhibitor or any more entries until the first submission is processed. Each submission is reviewed by a staff member and either approved or sent back.
- If you have questions or need to make a change please just give us a call, we are open Monday - Friday 8AM-4PM except for Holidays.

Attached at the end of the Newsletter is a "Step by Step Guide for Entering Exhibits in FairEntry System." This guide should help with 4-Hers registering all projects.

## Poster Boards

Are you in need of a poster board for your project? Come by the office and we can provide you with a poster for your projects, as well as a plastic sleeve to put over it. Poster boards are \$3; Plastic sleeves are \$2; the set is \$5. If you do not purchase these from the office, be sure to check your project guidelines so you are purchasing the correct size for your project.

## Family Dinner Projects:

Purdue Extension is partnering with The Family Dinner Project to help bring awareness to the importance of family dinners for youth development. Frequently having dinner as a family can be very important at all ages. Check out this list of benefits that Family Dinners have on youth:

Starting with this newsletter and as we continue, there will be fun conversation starters or games you can use at your next family dinner! If you would like more information or more resources reach out to Baylee Dwenger by email or phone: 812-689-6511 [bdwenger@purdue.edu](mailto:bdwenger@purdue.edu)

## Benefits of Family Dinner:

AGES  
1-5

Conversation at the dinner table is even better than reading to children in boosting their vocabulary, and helping them to read.

Kids who start eating dinners now are less likely to be overweight later.

New parents who develop a dinnertime ritual feel more satisfied with marriages.

AGES  
6-12

Strong link between family dinners and academic performance, even stronger than doing homework, sports, or art.

Increased intake of fruits, vegetables and micronutrients, and fewer fried foods, trans fats and sodas.

Children feel more connected to siblings and parents.

AGES  
13-18

Teens who eat regular family dinners are more likely to get A's in school.

Reduces high risk teenage behaviors like smoking, substance abuse, eating disorders, teenage pregnancy and violence.

Reduces depression and anxiety and increases self-esteem.

Opportunity to check in with kids to find out how they're doing.

## Dinner Time Conversation Starters:

CONVERSATION STARTER

If you could create your own school, what would the students do all day?

CONVERSATION STARTER

What are 3 things you could do for a close friend to make them happy?
