Life Skills

Describe the Life Skills you used and what you learned in relation to your project.

I used one or more of these Life Skills from the Life Skills Wheel	What I learned as a result of using this skill.		
HEAD Example: Decision Making	I learned that I needed to be sure to budget my money when purchasing my rabbit projects so I would have enough to cover all of my expenses.		
HEART Example: Sharing	I learned how to give younger 4-H members pointers on how to fit and show their animals properly.		
HANDS Example: Healthy Life Choices	I learned that animals don't grow well unless they receive the proper food.		
HEALTH Example: Managing Feelings	I learned to control my feelings when I became frustrated that my pig would not cooperate to get loaded on the trailer.
