

WASHINGTON COUNTY FARMERS' MARKET CONTRACT

(Rev. 2-2-26)

In consideration for the right to participate in the Washington County Farmers' Market (hereinafter "Market"), the undersigned vendor agrees to the following regulations.

ADMINISTRATION AND DATES AND TIMES FOR OPERATION

The Market is administered by the Market's Board of Directors (hereinafter "Board"). The Board sets fees and determines Market policies. The Board oversees the Market and has authority to assign vending space, settle disputes and disqualify vendors for violations of regulations.

The Market will open in May for plants, strawberries etc. and will continue to operate throughout the summer and fall on Saturdays as produce is available. Market hours are 8:30 a.m. - 12:00 p.m. on Saturdays. Vendors should not start setting up before 8:00 a.m. and no money may be exchanged before 8:30 a.m.

The Board reserves the right to terminate the Market, to change its time and location or to change the Market's operating guidelines.

ELIGIBILITY OF SELLERS

A vendor must produce at least 85% of the products being sold each day of the Market. Dedicated vendors may be exempt from this percentage, at the Board's discretion, when selling seasonal produce. All produce sold at the Market must be grown by a vendor from within or adjacent to the county where the vendor resides. Vendors may include those individuals who share in the farming of a farm or garden.

Vendors may assign an agent or wage-earning employee to sell for them providing the vendor furnishes the agents' name to the Board prior to the agents' attendance at the Market. Should any questions arise as to whether a vendor is actually producing 85% of what he/she sells, the Board, or appointed agents, have the right to inspect the vendor's production location and/or where the produce is being acquired.

Vendors participating in the Market must reside and produce in Washington or adjacent counties.

All vendors should contact the Washington County Health Department for regulations that pertain to their products.

LIABILITY/INSURANCE

The Market has a group liability policy. It is still recommended that vendors have their own insurance and discuss individual needs with their insurance carrier. If the vendor does not have their own policy, they must pay an additional \$30.00 when paying their membership fees. If the vendor provides a current certificate of insurance, the additional \$30.00 is waived.

WIC (Women, Infants, and Children) & SENIOR VOUCHER PROGRAMS

If funding is available, there is a state program to provide nutrition to families through local farmers' markets. Vendors may accept payment for applicable products only if proper application and certification is completed. Vendors should contact the WIC Office for details.

GOODS PERMITTED FOR SALE

The following goods may be sold at the Market: fruits, vegetables, dried and fresh herbs and spices, grape vine wreathes, plants, cut flowers, honey, eggs (egg vendors are required to be licensed by the Indiana Egg Board), unpopped popcorn, meat, other approved farm products and some minimally processed food items. These processed food items are: maple syrup, jellies, jam, preserves, sorghum, and cider.

Meats and minimally processed food items must meet all state and local regulations. Non-perishable baked goods such as breads, cakes, and cookies as well as woodcraft and other natural or homemade crafts may be sold. All craft items must be original and handcrafted by the vendor. No purchased raw materials or commercially prepared products may be sold, unless significantly transformed through handcrafting to create original quality work by the vendor. No craft items made
