Required Vaccinations <sup>1</sup>	
	e of Administrator Vaccination Date
Eastern and Western Equine Encephalomyelitis	
Rhinopneumonitis/EHV type 1 and 4	
	<del></del>
Dahios <sup>2</sup>	
<sup>1</sup> If home vaccination is completed for the required vaccinations, the receipt of purchase <b>and</b> the label from the vial(s) must be attached to this form. Your veterinarian is the best way to ensure horses are vaccinated for appropriate disease risks, and make certain the vaccines are handled and administered properly. Improperly handled vaccines can become ineffective or even increase the risk of side effects. <sup>2</sup> Indiana law requires rabies immunization be administered by a licensed and accredited veterinarian.	
Recommended Vaccinations/Procedures	
Upon consultation with a veterinarian and an evaluation of risk, the following vaccinations/procedures are recommended.	
<ol> <li>West Nile Virus</li> <li>Potomac Horse Fever</li> <li>Strangles</li> <li>Botulism</li> <li>Rotavirus</li> <li>Negative Equine Infectious Anemia (Coggins) Test within 12-months of event.</li> <li>Fecal Egg Count to determine level of parasite infection. This should be used to determine appropriate de-worming protocols.</li> </ol>	
I hereby certify that the horse/pony described on this form has met the above requirements and that the form is complete and accurate.
