Rhizoctonia damping-off of zinnia

Brown marmorated stink bug

Halyomorpha halys

INVASIVE ALERT

Key Features

Brown, shield-shaped bug

Light bands on antennae

Flowers Attacked

Useful Links

Symptoms:

Brown marmorated stink bug

Halyomorpha halys

Management Suggestions:

Insecticides are not labeled for homeowner use to protect plants. Their sustained presence over the course of the growing season makes it difficult to protect plants. Handpick them and drop them into a bucket of soapy water.

To prevent entry into homes in the fall, seal openings with caulk. Perimeter sprays of insecticides can be applied around the foundation of the home to prevent entry of these insects into the structure. DO NOT

Effective Pesticide Active Ingredients:

Bifenthrin, Cyfluthrin, Deltamethrin, Fenpropathrin, Gamma-cyhalothrin, Lambda-cyhalothrin
