HAPPY FALL! By: Natalie Korniak

It's official, its time for a new 4-H year! I have really enjoyed getting to know and work with everyone through the 4-H program. There is a great group of people in Clay County and it has been a joy watching our youth accomplish new things. I cant wait to see what this year brings! I am always here to answer any questions or to take on new ideas.

ALL ABOUT 4-H

4-H is one of many youth programs in Clay County and is available to everyone in grades K-12. There are over 50 different projects to choose from! From these projects, 4-H members develop various skills that will follow them throughout life. The areas we focus on are Healthy Living, STEM and Civic Engagement. In addition to projects and competing in the 4-H fair, 4-H members can also participate in 4-H camp, community service, Mini 4-H (grades K-2), Junior Leaders (grades 7-12), and a variety of workshops offered at the local and state levels.
