PURDUE UNIVERSITY

2021 Beef Quality Assurance Trainings

WHY: Beef Quality Assurance (BQA) training and certification is now required for beef producers selling “fed cattle” (finished beef steers and heifers coming out of a feedlot) that ultimately are processed by many of today’s major packers. BQA certification is good for 3 years and the program is free to producers either in the face-to-face or on-line formats.

Jackson County Ag News

Jackson County Office
Courthouse, Brownstown, IN 47220

October 21, 2021

Jackson County Ag Producer,

What a year it has been. Hopefully, the world will continue to move towards our new normal, whatever that is. In this letter, you will find several different educational opportunities to participate, some in-person and some virtual.

There are several opportunities to receive PARP Credit contained in this newsletter. Now is the time to be checking on the number of PARP credits you have obtained. The Office of the Indiana State Chemist will be mailing out renewal letters in the next couple of weeks. If you are up for renewal watch for this letter and return quickly. If you need help checking your PARP status, please contact my office. Also remember, there is an on-line PARP program that you can use as one of your credits. If you need information on this on-line program please reach out to me.

As always, if the Jackson County Extension Service can be of any help or assistance to you or your farm operation, please do not hesitate to reach out to me.

Stay safe and well!

Regards,
