Dear 4-H Families,

We have had a great summer full of many learning activities! There have been project workshops, a Hiking SPARK Club, and 4-H Club Meetings. Everyone's 4-H experience looks different and we are so thankful for our 4-H volunteers and members who make these opportunities possible for the youth of Jackson County. Whether your child was involved in a SPARK Club, club meetings, or are bringing projects to the fair as part of our traditional program, we are all 4-H members!

The fair will be here soon! I hope everyone is enjoying the summer weather and that you are busy working on your 4-H projects for the fair. We are so excited to have a fair in 2021! You can view our approved safety plan here:

<https://bit.ly/2021FairSafetyPlan>

We will be sanitizing regularly in the 4-H Building and when equipment is shared among 4-H Volunteers and 4-H members. If you have symptoms of COVID-19 or have a positive COVID-19 test, do not attend 4-H Events! Youth wishing to participate virtually can do so—contact the Extension Office for information on our virtual exhibition for 2021. All events are being held in person, but there is the option to exhibit virtually if needed.

As a reminder, all project requirements can be found by visiting our 4-H Handbook online at: <https://bit.ly/2021-Handbook>

Be sure to read all instructions carefully so you do not miss important information! Please note that you can always call the office at 812-358-6101 to find out important dates, times, and locations for various events.

Thank you for taking the time to enter your projects in Fair Entry. This helps us organize everything for the fair and prepare for project check-in. It also gives us a record of what is displayed in the 4-H Building.

We have once again included the finalized 4-H fair schedule in the newsletter for your information. Please be patient if shows do not start at the exact time listed on the schedule. Sometimes, the show happening before runs a little longer than expected. Check in with the livestock volunteers in the barns throughout the week to be sure you know what is happening with each species.

Please also be sure to say "THANK YOU" to any 4-H volunteer you see!

Important State Fair Project Procedures

*State Fair Exhibit Hall projects (non-perishables and floriculture/garden/potato) will be taken to the Indiana State Fair on **Saturday, July 31st**. If your project is selected for State Fair entry, office staff will be removing your project from the 4-H Building on Friday, July 30th. Ribbons will be removed and can be picked up at project check out day on Sunday, August 1st between 3:00—5:00 p.m. Project check in for State Fair is happening during the last day of the Jackson County Fair. If your child's project is chosen for State Fair, you will need to drop off packing material to safeguard the project during travel time, if needed. Drop off packing materials to the Extension Office by Thursday, July 29th, labeled with your child's name and project. (Some projects that usually need extra packing material include: cake decorating, rockets, and other fragile projects that could break easily.) Large or extremely fragile projects will need to be transported by the exhibitor's family. **You will be notified by the Extension Office if we cannot transport your State Fair Project. Detailed information will be shared with you if we cannot transport your child's project. Any garden or floriculture projects that are going to State Fair must be dropped off at the Extension Office on Friday, July 30th before 2:30 p.m.** These projects are being checked in with all 4-H Building projects in 2021. We apologize for having to remove projects from the fair early in 2021 but we must do this in order to accommodate the State Fair project check in schedule.

*All Foods Projects will be checked into the State Fair on **Wednesday, August 4th**. Please bring the exhibits to the Extension Office **that morning between 7:30 - 8:00 a.m.** Do not leave these exhibits at the Fairgrounds. Take them home on **August 1st** and then **bring them to the Extension Office on August 4th. Foods projects will need to be remade for State Fair.**

I PLEDGE ... FOR MY CLUB, MY COMMUNITY, MY COUNTRY, AND MY WORLD

Did You Know?

Action Demonstrations at the Fair

Call the Extension Office or email Heather if you would like to set up an action demonstration at the fair to showcase what you have learned. Most projects can be completed by doing an action demonstration in the 4-H Building. They should be approximately 30 minutes long. These are similar to the demonstrations you do at your 4-H Club Meetings. Action demonstrations can be done anytime the 4-H Building is open during the fair.

The 4-H Judging System

4-H uses the Danish judging system at county and state fairs. This means that exhibits are judged against a "standard" rather than against other exhibits. For example, a dresser that has been refinished by a 4-Her is not compared to other dressers. Rather, it is judged according to what characteristics of the dresser meet standards of quality for refinished furniture. A purple rosette ribbon means that the exhibit meets superior standards and quality. (Grand Champion) A pink rosette ribbon (Reserve Grand Champion) also meets superior standards and quality. Only one Grand and Reserve Grand Champion are given for each project. Smaller purple and pink ribbons are for Division Champions and Reserve Champions. Orange ribbons are State Fair ribbons. Only State 4-H projects make a trip to the Indiana State Fair. Not every project will have a State Fair entry. A blue ribbon means that the exhibit meets high standards and good quality work is shown. A red ribbon means average to above average quality work is shown, but improvement is needed in some areas. A white ribbon signifies below average in quality, and the exhibit does not meet standards. You'll notice that the Danish judging is very different from a contest. In a contest, there is one "winner" whose exhibit is the best of all those present. In the Danish judging system, there could be any number of purples, blues, reds or whites because one exhibit is not compared to another. In 4-H, we believe that using the Danish judging system gives every 4-H member the recognition deserved for the work that was done. It also helps young people recognize the need to improve their skills.

Check the 2021 4-H Handbook for Specific Guidelines: <https://bit.ly/2021-Handbook>
Some general information about Mini 4-H is listed below! Mini 4-H members do not have record sheets or green folders to turn in. Record sheets and green folders start in 3rd grade—regular 4-H.

MINI 4-H

Mini 4-H is a program designed to encourage positive development of children in Kindergarten through second grade. The goal of Mini 4-H is to help young children explore friendships outside the family, explore the way in which things work; practice both small and large muscle control; and think about the ways people work together on projects.

The non-competitive learning environment for Mini 4-H includes:

1. Planned learning activities in which children are invited to be active and explore materials and ideas without the pressure of completing a specific product or exhibit.
2. Low adult/leader to child ratio that allows time for adults/leaders to provide individual, positive encouragement and assistance.
3. Simple, interesting activities that are fun.
4. Encouragement of children to participate in a group activity by sharing and or displaying their activity projects.
5. Rewards that are identical and /or ribbons of the same color for everyone. Do not judge projects, but instead discuss them with the child. Mini 4-H Members do not turn in a green book.

POSTER RULES

1. All posters are to be 14"x22" poster board.
2. All posters need to have stiff backing.
3. All posters need to be covered with a clear plastic sleeve.
4. All posters should be horizontal.
