

WOODWORKING

The 4-H woodworking program provides youth with educational information about wood and how it can be used to construct items. This project develops project skills (i.e., safe practices, using hand tools, using power tools, making specialized wood cuts) and life skills (i.e., decision-making, using science and technology, developing communication skills).

Superintendent:

State Fair Exhibits: *One entry per level.*

RULES

1. Refer to the Parke County 4-H Policies, Entry & Exhibit Requirements.
2. Woodworking projects exhibited are derived from project manuals and using skills from the current or previous manuals.

All posters, notebooks, and display boards must include a reference list indicating where information was obtained, giving credit to the original author, to complete the 4-H member's exhibit. This reference list should/might include web site links, people and professionals interviewed, books, magazines, etc. It is recommended this reference list be attached to the back of a poster or display board, be the last page of a notebook, or included as part of the display visible to the public. A judge is not to discredit an exhibit for the manner in which references are listed.
