As we look forward to the 2022 Vigo County Fair, I would like to first of all, extend a heartfelt thank you to all of our volunteers and sponsors. Without your continued support, countless hours spent planning and organizing, we couldn't do it!!! As a past Vigo County 4-H member, pround 4-H parent, and a member of our agricultural community, I am grateful for the oppurtunity to serve as the Wabash Valley Fairboard President. I believe we have one of the best county fairs in the state and I look forward to sharing the week with family and friends.

The fairboard, staff, and countless vounteers have been working tirelessly to bring a great lineup to this year's schedule of events. Although this last year has been hard on us all, we are determined to make the 2022 Vigo County Fair as safe a possible, while still continuing on with tradition. We are excited to bring demo derbies, truck and tractor pulls, as well as all the other events we have grown to love over the years. And lets not forget all the 4-H livestock shows, exhibits, and fun events planned throughout the week. We truly believe 4-H is the heart of our fair and we look forward to watching the program grow.

We are very proud of the 4-H program and the Wabash Valley Fairgrounds. A lot of improvements are being made, events are being planned, and overall positive changes are happening. Please plan to join us and make memories that will last a lifetime.

- Second Division exhibits will be entered on Saturday, July 9th, 3:30 PM to 5:30 PM, 2. judging at 5:45 PM.
- When exhibiting herbs, please include the **variety of the herb** on the exhibit tag. 3.
- All potted plants must be container grown in a size and weight that can be easily carried by 1 person. 4. (12" diameter maximum). This 12" diameter maximum rule does not apply to a container with multiple plants, but it still must be carried easily by 1 person (the exhibitor). Workers/volunteers/judge(s) will disgualify any entry too large.
- 5. All specimen plants and flowers must be grown by the exhibitor a minimum of two months. The exhibitor should specify the amount of time flowers/plants have been grown in the container. Dried and fresh flowers used in arrangements and wreaths may be purchased. Silk flowers/plant material may **not** be used.
- All cut plant material entered in the horticultural classes must be in water, with the following exceptions: 6. #1035. Sunflower: #1102. Corsage (in a plastic bag): #1114. Fresh or Living Herbal Wreath: #1118. Tussie Mussie.
- 7. Plant material may be wedged using clear plastic (i.e. Saran Wrap) for display purposes. No Styrofoam allowed.
- Clear glass containers with labels removed, must be used for display in the horticultural classes. Light colors are 8. acceptable as long as stems can be seen clearly. NO MILK GLASS.
- 9. Every precaution will be taken to insure the safety of containers, however, in no case will the management be responsible for theft, loss, or damage to the containers or plants. As an added measure of safety, place your name and phone number on the bottom of each container. Please do not bring a plant or arrangement in a container that you are not willing to leave the entire week.
- 10. The assistant superintendent and floriculture department workers may enter the competition as they do not judge the exhibits.
- EXHIBITORS ARE RESPONSIBLE FOR DETERMINING THE PROPER CATEGORY FOR 11. PLACEMENT OF THEIR ENTRY. Workers/volunteers may assist with the placement, but do not assume responsibility for any errors. Entries may not be moved to a different category when the judging is in progress.
- Exhibitors must maintain the care of their own potted plants and arrangements during fair week. 12.
- Both plants and containers will be judged in all classes except horticulture (cut flowers and herbs). 13.
- Previously entered arrangements will **not** be accepted. 14.
- Entries will be judged by the following criteria: 15.
  - True to name extra points may be given if the name of the variety is identified on the entry tag a. Typical size b.
  - Uniformity (for flowers this means same size, texture and age of blooms) c.
  - d. Container, if applicable
  - Quality and general condition which includes: e.
    - 1. Health absence of insect damage and disease on foliage and flowers
    - Cleanliness absence of soil on foliage and flowers
       Freshness of bloom and/or foliage

    - 4. No deformities
    - 5. Correct number of stems or blooms (note a bud is considered a bloom)
    - 6. No flowers on plants in foliage categories (houseplants only). No points will be deducted from herbs which are blooming if the blooms are left on the plant.
    - 7. Store tags should be removed before exhibiting plants.
    - 8. No leaves below water line.

- 16. In categories listed as "any" or "miscellaneous" where a specific variety is not named, the exhibitor should be able to identify the plant(s) by at least **common name**; genus and species designation is not necessary but is, of course, preferable.
- 17. If the exhibitor feels it would help his/her entry in the judging by providing a picture or short description of the plant(s), such as a picture/description of the plants(s) flowering, please feel free to do so.
- 18. Special Awards: One champion and one reserve champion ribbon will be awarded in each class. A \$5.00 cash award for each champion and a \$3.00 cash award for each reserve champion will be provided by the **Honey Creek Garden Club** for the Houseplant, Floricultures Flowers and Flower Arrangement Classes (total of 10 awards). The **Wabash Valley Herb Society, Inc.** will provide a \$5.00 cash award to each champion and a \$3.00 cash award for each class and the Herb Arrangement Class and Herbs in Pots Class (total of 6 awards). **The Wabash Valley Herb Society, Inc.** will **Provide Herb Society, Inc.** will also provide a \$15.00 cash award for the Joan Stevenson Memorial Award (Grand Champion) and a \$10.00 cash award for Reserve Grand Champion (total of 4 awards).

## Herb of the Year – 2022 Viola, Violet, Wail Pansy, Heartsease

A small herbaceous perennial that may reach a height of 10-12 cm and spread 12-60 cm. The mid to dark green leaves are small, broadly ovate and held in rosettes. The sweet scented, deep purple flowers are also held in rosettes and appear from autumn to early spring. The plant spreads using stolon's and it is often found near forest edges and clearings where it can receive some sunlight. It is cultivated extensively throughout the world. From ancient time Violets were used to make wines, eaten in desserts and salads and used to make cosmetics. It also has a long history of traditional medical use, however today it is mostly grown as an ornamental plant and has many cultivars.
