WABASH VALLEY FAIR ASSOCIATION

As we look forward to the 2022 Vigo County Fair, I would like to first of all, extend a heartfelt thank you to all of our volunteers and sponsors. Without your continued support, countless hours spent planning and organizing, we couldn't do it!!! As a past Vigo County 4-H member, proud 4-H parent, and a member of our agricultural community, I am grateful for the opportunity to serve as the Wabash Valley Fairboard President. I believe we have one of the best county fairs in the state and I look forward to sharing the week with family and friends.

The fairboard, staff, and countless volunteers have been working tirelessly to bring a great lineup to this year's schedule of events. Although this last year has been hard on us all, we are determined to make the 2022 Vigo County Fair as safe as possible, while still continuing on with tradition. We are excited to demo derbies, truck and tractor pulls, as well as all the other events we have grown to love over the years. And let's not forget all the 4-H livestock shows, exhibits, and fun events planned throughout the week. We truly believe 4-H is the heart of our fair and we look forward to watching the program grow.

We are very proud of the 4-H program and the Wabash Valley Fairgrounds. A lot of improvements are being made, events are being planned, and overall positive changes are happening. Please plan to join us and make memories that will last a lifetime.

4-H GENERAL TERMS & CONDITIONS

*SUBJECT TO CHANGE DUE TO COVID-19 PROTOCOLS

1. The Vigo County Fair will follow the rules listed in this book.
2. Any youth may become 4-H members if they are in grades 3 – 12 (with a maximum of 10 years participation) or grades Kindergarten – 2nd for Mini 4-H. Purdue University is an Affirmative Action institution. This material may be available in alternative formats.
3. Please note the term “suggested” grade levels. Suggested means suggested in our county, but not required at the state level. 4-H members must advance in their 4-H program. No 4-H member may repeat a previous year’s project unless it is one that they failed to complete. If the member is repeating a grade in school, they may choose an exhibit option from the grade level different from the year before.
4. **NOTE TO EXHIBITOR AND PARENTS:** The Extension Office, 4-H Council, and Fair Board will take reasonable precautions to protect all exhibits, but are not legally responsible for any damage, lost or theft of any exhibit.
5. **All entries are due via Fair Entry by July 1, except Horses are due via Fair Entry on June 22 and Poultry paper entries are due June 3.**
6. A virtual exhibit option will be offered for those who cannot or do not wish to participate in person. Details will be available at a later date.
7. All 4-H members will complete **2 copies** of the My Record of 4-H Achievement Form (4-H 620 W). This form tracks the 4-H members’ activities for the year in regards to projects taken, demonstrations, judging, fashion revue, showmanship, offices held, etc. One copy of this form is for the 4-H member’s personal records and the other copy will be turned in to the 4-H Department when entering 4-H projects. **Record of 4-H Achievement Form (4-H 620 W) MUST be turned in by project pick-up on the Sunday following fair from noon to 3:00 PM.**
8. All 4-H projects must be made within the current year (August to July). No projects may be re-exhibited at the Fair after being exhibited one year.
9. All general Terms and Conditions pertaining to 4-H shall apply to the 4-H Department. This includes Health Regulations for Livestock within the calendar year.
10. **4-H members cannot recover any exhibits from the Fair until 12:00 Noon on Sunday, concluding the Vigo County Fair (or as designated elsewhere in this book).** 4-H Leaders may enter at 11:00 AM to organize projects by clubs for easier pick up. 11. The public use of alcohol and drug substances in the 4-H area of the fairgrounds will be prohibited. Those caught participating in such activities will forfeit premiums and be escorted from the fairgrounds. smoking devices, or other dangerous substances is not allowed by any 4-H member in the 4-H area of the fairgrounds.

12. Any person caught taking part in destructive activities or participating in unbecoming conduct to good character or in dangerous activities will forfeit premiums and be escorted from the fairgrounds.
13. 15. Each ribbon winner will receive the award specified for that group.
16. Champion and reserve champion ribbons will be awarded to division winners and first alternates, respectively. Grand champion and reserve grand champion ribbons will be awarded to the two outstanding exhibits in each project area.
17. Club members are allowed to receive only one premium in any one class and collect up to \$20 in premiums.
18. Blue, Red and White stickers must remain on exhibits in all divisions, except livestock. These must be properly labeled on cards furnished by the Extension Office stating the placings. Violation of this rule will be handled by the Secretary withholding premium money.

 3. At the discretion of the Barn Superintendent or adult in charge and at least one other adult, any youth causing a disturbance or disruption at the Fair may be suspended from 4-H activities for one day.
 4. If the responsible Barn Superintendent feels that the youth's actions merit more than a one-day suspension, a three-council member committee shall confer in deciding appropriate action and parent notification of same.

RECORD OF 4-H ACHIEVEMENT

All 4-H members MUST complete two (2) copies of Form 4-H 620 W (My Record of 4-H Achievement). This form tracks the 4-H members' activities for the year in regards to projects taken, demonstrations, judging, fashion revue, showmanship, offices held, etc.

One copy of this form is for the 4-H member's personal records and the other copy MUST be turned in by project pick-up on Sunday following fair from noon to 3:00 PM. Forms turned in at the fair will serve as the 4-H member's permanent 4-H record in the Vigo County Extension Office and will determine premiums. These forms are very helpful when you apply for scholarships.

4-H PREMIUM SCHEDULE

- All premiums will be \$2 per project entry with a \$20 maximum payout per 4-H member. Example – if you bring 3 different arts and crafts you will receive \$6.
- Livestock will pay per animal, not per class entry.
- Action Demonstrations --- \$2 participation premium
- Any person making exhibits under false pretenses shall forfeit all premiums awarded.
- All 4-H exhibits will be released at 12:00 Noon on Sunday, July 17th.
- Only those 4-H members who complete Fair Entry by the deadline and are actively enrolled in the Vigo County 4-H program are eligible to receive 4-H premiums.
- All premiums not called for by 3:00 PM, July 17, 2021 can be picked up at the Extension Office the following week between the hours of 8:00 AM – 4:30 PM. Any premiums not picked up by the Friday following the Fair WILL BE CONSIDERED FORFEITED.

4-H POSTER GUIDELINES

- Posters must be displayed HORIZONTALLY, sized 22" x 28", mounted on a firm backing (foam core board or other), and covered in clear plastic. The Extension Office has reusable poster sleeves for all posters and salon prints available for purchase. (Regular poster sleeve size 22" x 28" and salon print sleeve size 16" x 20"). Foam core boards are available for purchase at the Extension Office. (Foam core boards measure 22" x 28").
- You must attach your 4-H Poster Tag to your poster in the lower right-hand corner of your poster.
- Poster should "tell a story" or be informative to the audience. Will the viewer of your poster learn something from the exhibit?
- When designing your poster you should consider: lines, shapes, textures, colors and placement of items.
- Pictures, graphics and artwork are encouraged.

- Make sure the poster accurately meets the guidelines and objectives of the activities in the Vigo County Terms and Conditions. This information is available in the fair book posted online or available for purchase in the Extension Office.
- Information printed directly off the web will not be accepted.
- Materials included in the poster need to be educational, both for the youth and the audience, and should demonstrate that the youth was able to take what he or she learned from their research (experiment, or on web, in library, etc.) and/or activities to create the poster.
- All posters, notebooks, and display boards must include a reference list indicating where information was obtained, giving credit to the original author, to complete the 4-H member's exhibit. This reference list should/might include web site links, people and professionals interviewed, books, magazines, etc. It is recommended this reference list be attached to the back of a poster or display board, be the last page of a notebook, or included as part of the display visible to the public. A judge is not to discredit an exhibit for the manner in which references are listed. Writing on posters should be done neatly in pen or typed. Check Vigo County Fair Book Terms and Conditions for any title requirements.

NOTEBOOK & POSTER PROJECT TIPS

If your project requires a notebook, here are some tips:

- Use a 3-ring binder to make your notebook
- Type your information and place your pages in sheet protectors
- Make a cover with your name, project, level etc.
- Always put your current year's work on top, so that the judge sees it first. Attach your Exhibit Tag to the front of the notebook.
- Posters must be displayed HORIZONTALLY!
- Have a sturdy backing! Foam boards cut to the correct size are available for purchase at the Extension Office for \$3.50.
- Cover your poster in plastic! Poster sleeves are available for purchase at the Extension Office for \$1.00.
- Posters and their backing must be the same size: 22 in x 29 in
- All posters MUST have a 4-H Poster Tag. Please attach these to the lower right corner of the poster, in order to see the name and awards when on display. Tags are available at the Extension Office.

GRIEVANCE/APPEAL GUIDELINES FOR COUNTY 4-H PROGRAM ISSUES:

(ACTIVITIES, PROGRAMS, PROJECTS)

The grievance procedures outlined in this document are utilized as part of an internal process of the Indiana 4-H Youth Development program for use when grievances of 4-H members, their parents/guardians, or 4-H volunteers cannot be resolved via reasonable conversation. This policy affords the opportunity in those unique situations to allow voice or opinion to be heard when there is a dispute regarding 4-H participation, activities or programs. This is not a mechanism for complaints against individual 4-H members (or their families), 4-H volunteers, judging officials for competitive events, or Purdue Extension staff. All resulting decisions will be made in accordance with the Indiana 4-H Program's stated mission to be an inclusive organization designed to encourage and maximize youth participation. The rights of the individual filing the grievance are limited to those provided by Indiana 4-H Program policy.

Purdue University, as the Land Grant University in Indiana, is charged (by the United States Department of Agriculture) with implementing the 4-H Program in communities across the State of Indiana. Purdue Extension Educators in each Indiana county represent the university in local communities and have the responsibility of assuring all 4-H volunteers meet basic university criteria as they serve as representatives of the university. Purdue Extension Educators additionally provide oversight to 4-H volunteers including the assurance that Indiana 4-H Policies and Procedures are appropriately implemented in 4-H Program delivery.

Individual county 4-H policies and procedures should be created and reviewed to assure they do not contradict established statewide 4-H policies and procedures. If a contradiction is discovered during the grievance process, Indiana 4-H Program policy shall be followed in determining the grievance outcome.

1. Grievances are made by completing the Indiana 4-H Grievance/Appeal form with the burden of proof being the responsibility of the individual filing the grievance. The completed grievance/appeal form and supporting documentation shall be presented to the president of the 4-H policy-making body (e.g., 4-H Council) or the Purdue Extension Educator who works with the 4-H Program. (NOTE: concerns regarding staff or volunteers are not issues for which a grievance may be filed. 4-H volunteers are assigned by the 4-H Extension Educator. Concerns regarding 4-H volunteers or other individuals should be addressed directly with the Purdue 4-H Extension Educator.)
2. Grievances pertaining to 4-H activities, programs or projects shall be filed within 14 days of an incident or occurrence. Grievances pertaining to county fair related issues are often time-sensitive and must be filed within 24 hours of the incident.
3. The grievance process occurs in the county where the issue or concern arises and offers three opportunities for a concern to be heard and reviewed.
 - A. The grievance is initially heard by an unbiased, representative grievance sub-committee. It is the Purdue Extension Educator assigned to 4-H Programming who shall annually work with the chair of the county 4-H Council to determine this committee's membership to include the following individuals: one

representative of the 4-H Council; two 4-H volunteers serving as a 4-H club organizational leader; one member of the County Extension Board; and one 4-H volunteer knowledgeable in the subject matter (project) of concern (this individual will vary dependent on issue raised with the grievance). The Purdue Extension Educator assigned to 4-H shall convene the group.

- B. The person filing the grievance may appeal the decision of the grievance sub-committee to the 4-H policy-making body, which will then review the facts in evidence and render a decision.
- C. The person filing a grievance may appeal a decision of the 4-H policy-making body to the County Extension Board. The Extension Board will review the facts in evidence and render a decision. This is the final level in the appeal process.

******While there is no doubt some overlap in who serves on these committees, the intent of a three level process is to assure different individuals have the opportunity to hear and act on the grievance. ALL individuals involved at any level of the grievance procedure are reminded of the importance of keeping discussions regarding grievances confidential.

To maintain the confidentiality of the parties involved, the grievance hearings at each level will be closed to the public. Only the individuals who have filed the grievance, the members of the grievance committee, and the Purdue Extension Educators will be present during each level of the grievance process, *******The grievance process is internal to the Indiana 4-H Youth Development Program and meetings of the grievance committees are not subject to Indiana's Open Door Policy.

The Purdue Extension Educator assigned to work with the 4-H Program has the obligation to inform all parties that there is a grievance procedure if there are disagreements with policies.

The practice of charging fees from those filing grievances shall be eliminated and all counties will utilize the Indiana 4-H Grievance/Appeal Form as part of the grievance process.

INDIANA 4-H

Tie scores in obedience classes will be broken as follows: a) scores will be compared for each area of the obedience competition, beginning with the first exercise on the score sheet and proceeding down the sheet through the successive exercises; b) if the scores are tied in each exercise, the first exercise on the score sheet will be repeated in its entirety, in order to determine a winner.
28. Tie scores in agility will be broken by time.

*CAKE DECORATING

4-H ONLINE ENROLLMENT: CAKE DECORATING
FAIR ENTRY: STATE PROJECTS>CAKE DECORATING

DESCRIPTION:

The cake decorating project allows youth to utilize their artistic ability and expressions as they learn decorating techniques and skills. Anyone wanting to learn baking skills should refer to the 4-H foods project.

STATE FAIR ENTRIES:

3 entries per county; one per level.

EXHIBIT GUIDELINES:

The cake decorating project provides skills-based educational experiences that provide an opportunity for mastery before building on that experience to develop more advanced skills. This subject area is divided into three levels: Beginner (Grades 3-5), Intermediate (Grades 6-8), and Advanced (Grades 9-12). While the defined grades are intended to be a guide, older youth enrolled in this subject for the first time may start in a lower grade skill level with permission by the county extension educator, followed by an appropriate level the following year.

Skills and techniques demonstrated should be age/grade appropriate. While it is not to say a beginner level member cannot master an advanced level skill, it would be rare and unique. Therefore, exhibited cakes must demonstrate the minimum five techniques from their given level outlined in Indiana 4-H Cake Decorating Skills and Techniques, 4-H 710A, but may also include higher/lower level techniques that have been mastered. Any higher/lower level techniques will not be counted as part of the minimum five, but nevertheless will be evaluated for quality. All exhibited cakes must be created using a Styrofoam, foam, or other solid dummy. Unless otherwise stated, cakes are to be iced using royal icing or buttercream. Buttercream icing will not withstand environmental conditions and may become soft, melt, not withhold its shape, and colors may bleed when being displayed an extended period of time. When displaying a cut-up cake or tiered cake, the exhibitor must include a diagram and description indicating how the cake was assembled. This diagram and description can be attached to or written on the skills sheet. All exhibits must include a completed Cake Decorating Skills Sheet (4-H 710) and must accompany the cake for the judge's reference during judging. Skills sheets are for judging purposes only and will not be returned to the exhibitor.

Judges evaluating exhibits should recognize individual differences and creativity, therefore using information in this document as a guide rather than a requirement.

EXHIBIT CLASS GUIDELINES:

Beginner (grades 3-5 suggested)

A minimum of five beginner level skills are to be demonstrated. A list of skills to choose from can be found on the Indiana 4-H Cake Decorating Skills and Techniques, 4-H 710A sheet. Cakes must be on a cake board strong enough to support the cake (approximately 3/8" thick) and 2-4" larger than the cake. For example, if the cake is 8" in diameter, then the cake board must be 10-12" in diameter. The cake board must be neatly covered and well taped or otherwise attached underneath. Cakes exhibited in the beginner level are to be a single tier/layer, no more than 5" tall, and may be round, square, or rectangular and the cake board is to be no more 12"x12".

Intermediate (grades 6-8 suggested)

A minimum of five intermediate level skills are to be demonstrated and the cake may include additional skills from the beginner level. A list of skills to choose from can be found on the Indiana 4-H Cake Decorating Skills and Techniques, 4-H 710A sheet. Cakes must be on a cake board strong enough to support the cake (approximately 3/8" thick) and 2-4" larger than the cake. For example, if the cake is 9"x13" rectangular, then the cake board must be 11"x15" to 13"x17" rectangular. The cake board must be neatly covered and well

taped or otherwise attached underneath. Cakes exhibited in the intermediate level are to be a single or double tier/layer, no more than 12" tall and may be any shape. Youth may choose to decorate an inverted (upside down) character pan or create a 3-dimensional cake. It is also permissible to cut-up pieces of Styrofoam, foam, or other solid material to create a new shape, like a butterfly or castle for example. The cake board is to be no more than 24"x24".

Advanced (grades 9-12 suggested)

A minimum of five advanced level skills are to be demonstrated and the cake may include additional skills from the beginner and intermediate levels. A list of skills to choose from can be found on the Indiana 4-H Cake Decorating Skills and Techniques, 4-H 710A sheet. Cakes must be on a cake board strong enough to support the cake (approximately $\frac{1}{2}$ " thick) and 4" larger than the base cake. For example, if the cake is 26" in diameter, then the cake board must be 30" in diameter. The cake board must be neatly covered and well taped or otherwise attached underneath. Cakes exhibited in the advanced level may be multiple layer and/or tiered and may include multiple cakes, like a wedding cake. Youth may choose to create a character or 3-dimensional cake by cutting-up pieces of Styrofoam, foam, or other solid material to create a new shape. Dowel rods, plates, etc. should be used to support multiple layers and tiers. Fondant icing, gum, and sugar paste is permissible. Cakes may be any shape, no more than 36" tall and the cake board is to be no more than 36"x36".

*GEOLOGY

4-H ONLINE ENROLLMENT: GEOLOGY FAIR ENTRY: STATE PROJECT>GEOLOGY

DESCRIPTION:

Geology involves studying the earth's crust, its layers, and their history. Youth learn to identify Indiana rocks, minerals, and fossils.

STATE FAIR ENTRIES:

3 per county; one per level

EXHIBIT GUIDELINES:

All posters, notebooks, and display boards must include a reference list indicating where information was obtained, giving credit to the original author, to complete the 4-H member's exhibit. This reference list should/might include web site links, people and professionals interviewed, books, magazines, etc. It is recommended this reference list be attached to the back of a poster or display board, be the last page of a notebook, or included as part of the display visible to the public. A judge is not to discredit an exhibit for the way references are listed.

Posters are to be 22"x28" and displayed horizontally and placed in a clear plastic sleeve or covered with clear plastic to protect contents. Display boards should be designed to sit on a table using no more than 36" of tabletop space. Space should be left in the lower right hand corner to place an exhibit tag provided by Purdue Extension staff.

Specimens may also be displayed in a 24"x 18"x 3" collection box, displayed horizontally. You may purchase your specimens and may display rocks, fossils, and minerals. If you purchase a specimen, indicate when and where you purchased it and the location where you would expect to find the specimen. If you collect a specimen, indicate the county and township where you found it.

Posters and display boxes will be exhibited "standing up" at the Indiana State Fair. Therefore, you need to mount your specimens securely. Subject matter experts suggest the following methods: soaking ½ cotton ball in Elmer's glue, hot glue, or clear tub sealant. Place the cotton ball in your box and put your rock (or fossil or mineral) on the cotton ball and let sit. It will take 1-2 weeks for Elmer's glue to fully harden. Specimens mounted with Elmer's glue can be removed by soaking the cotton ball in water. Glue remaining on the rock may be brushed off with an old, damp toothbrush.

When exhibiting rocks show a fresh surface (recently cracked or broken surface) to help judges identify the rock.

Labels - Include the specific geographical location where you would expect to find any specimens as well as where you actually acquired it (found, purchased, etc.).

Do not identify your specimens any further than phylum and class. There is one exception to this for fossils which are identified to phylum OR class. Class should only be used for fossils of mollusks, backboneed animals, and arthropods.

Judges evaluating exhibits should recognize individual differences and creativity, therefore using information in this document as a guide rather than a requirement.

We will not accept 4-H animals in 4-H breeding classes that are registered in a farm name only. (Such as "Long View," "Lone Oak," etc.). For 4-H breeding animals, acceptable registrations include family corporations and/or partnerships of 4-H members with one or more parents, sibling, grandparents, aunts, uncles, or a legal guardian. Acceptable registrations are (1) in the 4-H members' name, (2) John Smith & Sons, (3) John Smith, Sons & Daughters, (4) John Smith & Family (family includes sons, daughters, and legal guardian youth only), (5) Mark Smith (brother) & Mary Smith (sister), (6) family corporations, where the 4-H member's name appears as a holder of stock in the corporation, and proof of the same must be supplied on or before the enrollment date, (7) family partnership, where the 4-H member's father, mother, brother, sister, aunt uncle, grandparent, and/or legal guardian is also in the family partnership and the 4-H member's name appears on the legal, notarized partnership. A copy of the written document must be presented at the time of the show.

For 4-H animals that are able to be co-enrolled by brothers or sisters, ownership is established the first time the animal is shown after May 15. The ownership of the animal cannot change from the first time the animal is shown after May 15 until the conclusion of the 4-H show at the Indiana State Fair. Siblings in the same family profile do not need to list all animals under each sibling. However, it is best to list at least one animal under each sibling. All animals listed in a family profile may be exhibited by any siblings in that family profile. If exhibiting at State Fair, notify the Extension Office of the proper child showing that animal.

2. All breeding animals must be registered in their respective breed associations and earmarked or tagged to coincide with their individual registration papers. All registration papers will be checked by the superintendent.
3. Dairy heifers, horses, ponies, alpacas, and llamas are the only animals that may be leased subject to approval of both the county 4-H dairy, horse and pony, or alpaca & llama committees and the 4-H Youth Educator. A lease agreement must be on file at the Extension Office by May 15th.
4. All beef cattle, dairy cattle, swine, sheep, meat goats, dairy goats, poultry and rabbits, 4-H exhibitors MUST be certified through the Youth for the Quality Care of Animals prior to livestock check-in. More information about YQCA is available at <http://yqca.org>.
5. No livestock may be unloaded until it has been inspected and approved by the species superintendent or designee.
6. It is the responsibility of the 4-H'er for the welfare of their animal(s). The Extension Educator and livestock advisory committee reserves the right to send any sick animal or animal that is a welfare risk home at any point during the Vigo County Fair. If a veterinarian is consulted or requested it will be at the cost to the 4-H family to cover the veterinary service fees.
7. 4-H members must show their own animals at the Vigo County Fair. (Exception: member has more than one animal in a class). In cases where this cannot be done, the owner may request another Vigo County 4-H member to serve as a substitute showman. Substitute showmen must be approved in writing by the 4-H Youth Educator, 2 weeks prior to the fair. Requests will only be granted for medical emergencies, conflicts with showing other animals, or circumstances deemed unavoidable by the 4-H Youth Educator.

Failure to be excused from a job and/or participation in a band or sporting event will not result in a substitute showman being granted.

8. Any 4-H'er who withdraws their livestock from the Fair before the designated time without written request to 4-H Youth Educator 2 weeks prior to the beginning of the fair will be barred from the 4-H Livestock Auction the following year and forfeit any premiums.
