4. Exhibits can include farm scenes, town models, building replicas, or similar items and can be constructed from building blocks (ex. Lego), erector sets, or other materials. This exhibit will most likely be displayed on an 8' long table top with two or three exhibits per table.
5. Exhibitors should be considerate of space. Exhibits too large to safely move or requiring lots of space should be exhibited using photographs and a description of work in a notebook.
6. If exhibitor is concerned about their creation being damaged while on display, they should consider constructing a clear plastic cover to encase the exhibit.
7. All arts and craft exhibits must include a 4-H Craft Information Card, 4-H 618A. This information card is to describe work completed so the judge can more accurately evaluate the exhibit. Craft information cards are for judging purposes only and will not be returned to the exhibitor.
