

# WHAT'S HAPPENING WITH PURDUE EXTENSION - HENRY COUNTY AGRICULTURE AND NATURAL RESOURCES?

## A NOTE FROM ANR EDUCATOR

Congratulations on a safe Harvest! I hope you all are getting close to wrapping things up. Don't forget to take the month of November to reflect and consider all you have to be thankful for. I am especially thankful to all Henry County residents I have had the pleasure of meeting over my first year and three months in this role. My success as an educator is thanks to you all! In September, we kicked off the Master Gardener Basic Training Course, a 14-week class, with 23 participants from 5 different counties. This class is being held here in Henry County with many participants being local. In collaboration with two other Educators, I hosted an evening that taught all about Fertilizers. Twenty-nine participants came to learn and receive PARP points. A special thank you to Indiana Soybean Alliance, Indiana Corn Marketing Council, and Henry County Soil & Water Conservation District for sponsoring our successful event! There are a few programs on the horizon for the winter months that I hope some of you will consider attending. I am wishing you and your family a happy and relaxing holiday season. Take time to rest after the busy and sometimes quite stressful season that we are about to conclude!

**Danielle Hunt**  
Purdue Extension-Henry County  
ANR/4-H Educator
