Interested in becoming a 4-H Volunteer?

Our 4-H program is always looking for motivated adults who have a passion for 4-H to volunteer for our program. Currently, we are most in need of 4-H project leaders. Project Leaders are there to assist our youth in learning more about the project area and to answer any questions. It is highly encouraged for our project leaders to host a workshop that has hands on activities related to that project or have guest speakers present. Below are some projects in need of leaders:

To your left, you will find a list of projects in need of a leader.

If you have some knowledge in a project area that you would like to pass on to others, please volunteer! If you know of someone in the community you feel would be a good fit for our program, feel free to ask them to join us! For any questions or further information on how to volunteer please contact Peyton Newman, newman84@purdue.edu or 219-866-5741.

Congratulations!
